ELIGIBILITY:

The Olympic Team Trials for Air Rifle and Air Pistol are open to only citizens of the United States until January 20, 2012. All competitors must be current members of USA Shooting in order to participate. The match will be open to foreign competitors after January 20, 2012, provided space is available. Foreign athletes must be a member of their home federation. All foreign athletes should submit a copy of their passport with their entry form. *Finals eligibility: The top 8 open shooters in each event will compete in a final. Only U.S. citizens will be eligible for the finals.*

OLYMPIC TEAM SELECTION:

The airgun selection will consist of two selection competitions with two courses of fire each and a final after each course of fire. The Olympic Team selection will be based on the aggregate of four courses of fire and two best finals. For more information please refer to the Olympic Team Selection Procedures available at <http://www.usashooting.org/policies/2012%20Olympic%20Rifle-Pistol%20Selection.pdf>

PERFORMANCE STANDARDS:

This match will count towards Performance Standard Average (PSA) and Individual Performance Scores (PSI). Performance Standard Average / Individual Performance

Scores, as established by USA Shooting, must be achieved before any athlete may travel with the US Shooting Team to selected competitions outside the United States.

USADA:

The United States Anti-Doping Agency (USADA) may conduct testing for banned substances.

- a. Participation in this match constitutes willingness to undergo testing if selected.
- b. Procedures for testing will follow those established by the IOC, ISSF and USADA Doping Regulations.
- c. All banned substances are listed on the current IOC and ISSF doping lists.
- d. Competitors or their physicians may address questions concerning medication to the USADA Drug Hotline at 1-800-233-0393.

*** Remember that even over-the-counter medications can contain a banned substance. Always check first with your doctor and the Drug Hotline before taking any medication prior to competition.*

GENERAL:

All U.S. competitors are eligible for the finals (top eight) that will be conducted each day. The CMP Marksmanship Center is equipped with Megalink electronic targets that will be used for the competition.

RULES:

Current USA Shooting Rules will govern this competition. It is the shooters responsibility to be familiar with these rules.

AWARDS:

Awards will be presented to the top three finishers in the Open category on Day 2 of the competition. Awards for the Open category will be based off of both match scores plus the highest final. High scoring awards will be presented to the top Visitor, Collegiate, Disabled, Senior and Junior provided there are at least three competitors in each category. High scoring awards will be presented on Day 2 based off of the combined two day aggregate, not including finals. Classification awards will not be given at this event. Athletes qualifying for nomination to the 2012 Olympic Team will be recognized.

JURY:

USA Shooting will select a Jury Chairperson to serve at each Olympic selection match. The Chairperson should have a valid ISSF A or B judge's license. The Chairperson will coordinate with the Match Director to select an appropriate number of Jury members. An adequate number of Jury members should be selected so that at least three members will be available to adjudicate a protest, considering that one or more Jury members may be involved in the issue and therefore must be disqualified from Jury service for that issue. Selected Jury members should be familiar with USA Shooting Rules and be experienced as athletes, officials and/or competition staff.

The Chairperson verifies with match staff that the targets and computers are working according to USAS Rules or that the shotgun targets are set according to USAS rules. The Chairperson may address a question, resolve a dispute or make a ruling/decision solely or he/she may convene a Jury consisting of at least three persons to decide the issue. If a formal written protest is filed, the Chairperson must convene a Jury to decide

the protest. The Chairperson must guide the Jury through the adjudication process using current USA Shooting Rules. The Jury may call witnesses and/or request written statements from those concerned with or knowledgeable of the protest situation.

Any decision by the Chairperson or Jury must be made as promptly as possible without compromising relevant information. The Jury Chairperson must document each decision and inform concerned parties and the competition staff. Any decision by the Jury is final and cannot be appealed.

SQUADDING:

Squadding will be based on the results of the combined two day aggregate from the Olympic Trials Part 1 competition held in Anniston, AL. Competitors who did not participate at the Anniston match will be squadded by the statistical office.
