USA Shooting
ATHLETE SELECTION PROCEDURES
2012 Olympic Games in London, GBR
July 15, 2009
Amended March 3, 2011

I. SELECTION SYSTEM

A. Provide the minimum eligibility requirements for an athlete to be considered for nomination to the Team:

1. Citizenship: Athletes must be a citizen of the United States at the time of nomination and hold a valid U.S. passport that will not expire for six months after the conclusion of the Games.

2. Minimum International Federation (IF) standards for participation (if any): Only athletes who have attained the Minimum Qualifying Score (MQS), per ISSF Rules and Regulations rule Q 3.0, in each event for which they qualify can be entered in one or more events in the Olympic Games. If the athlete does not have a MQS in each event for which they have qualified at the conclusion of the selection process, the athlete will be provided an opportunity to obtain the MQS if there is a qualifying match scheduled after the selection process. If the athlete does not achieve an MQS score prior to the nomination deadline of 17 June 2012, the athlete will be replaced according to the process outlined in paragraph IV. A. Maximum Olympic Shotgun Team size is eight Shotgun athletes; actual size is dependent on the total number of quota positions won by the US. The possible quota positions are broken down as follows:

MEN

2 - Skeet
2 - Trap
2 - Double Trap

WOMEN

1 - Trap
1 - Skeet

3. Other requirements (if any):

A. Athletes must be a member in good standing of USA Shooting.

B. Athletes must attain a Performance Standard Average (PSA) or Performance Standard Individual (PSI) score in order to participate in the "Open" division of World Cups or World Championships. Athletes not

participating in the Open division (i.e., those who are shooting for MQS only), are not required to have a PSA/PSI. If an athlete does not have a PSA or PSI, the National Coach may permit participation on a discretionary basis as outlined in paragraph II. B. Details of the PSA/PSI requirements are included in USA Shooting Policies and Procedures, Section IV, "Performance Standards," also available at this link:
http://usashooting.org/downloads/performance_standards_jun_09.pdf.

B. Tryout Events:

1. Provide the event names, dates and location of all trials, events and camps to be used as part of the selection process.

Athletes will attempt to earn points in international competitions (World Cups and World Championships) during the 2010 and 2011 competitive seasons. Athletes who meet or exceed the point threshold will be nominated to the Olympic Team according to their point standing and up to the number of Olympic quota positions earned. The point threshold is 45 points.

Athletes attempt to earn points during the 2010 and 2011 competitive seasons:

--5 th place:	9 pts
--6 th place:	8 pt

If no athletes meet or exceed the point threshold (or if only one athlete has met or exceeded the threshold and a second Olympic quota position is still available in that event), the Olympic Team member(s) will be selected according to the aggregate point total of two selection matches and an official final prior to the 2012 Olympic Games (a 2011 Fall Selection match plus a 2012 Spring Selection match, plus official final).

2. Provide event names, dates, locations and description of how athletes qualify for any “preliminary or qualifying” events or procedures that are prerequisites to attend any of the trials, events or camps listed above in B. 1 (if any).

There are four “Entry Gates” into the point-earning selection process. Based on their performance in Selection matches in 2009, 2010, and 2011, athletes earn the opportunity (or “start position”) to compete for points at World Cups and World Championships:

1st Entry Gate for 2010 World Cup Season: For Men’s events, the top three finishers in each event determined by the 2009 USA Shooting National Championships (beginning July 13th, 2009) plus the Fall Selection match and official final (beginning September 15th, 2009) may choose to participate in up to three of the 2010 World Cup competitions. Only two of those three matches will be funded by USA Shooting. For Women’s events in those same 2009 National Championships and 2009 Fall Selection match and final, the top three women in each event may choose to participate in up to three of the 2010 World Cup competitions. Only one of those three matches is

guaranteed funding by USA Shooting. If more funding is available, opportunities to compete in subsequent World Cups are first offered to the first place woman, then the second place woman, then the third place woman, for a maximum funded participation of two World Cups. The third World Cup is self-funded. (The difference in the number of funded World Cups between Men and Women is because there is a maximum of only one Olympic quota slot available in Women's events). In addition, those top three finishers in Men's and Women's events are named to the 2010 World Shooting Championships Team.

2nd Entry Gate for 2010 World Cups: For Men's and Women's events, the top finishers in each event in the 2010 Spring Selection match (March time frame), may choose to participate in the unfilled slots for the 2010 World Cup competitions, with a maximum of one World Cup per athlete. This participation is all self-funded. The National Coach may use a single discretionary selection for an unfilled World Cup position in each event, outlined in paragraph II. B.

3rd Entry Gate for 2011 World Cup Season: For Men's events, the top three finishers in each event determined by the 2010 USA Shooting National Championships (early July time-frame) plus the 2010 Fall Selection match plus an official final (September time-frame) may choose to participate in up to three of the 2011 World Cup competitions. Only two of those three will be funded by USA Shooting. For Women's events in those same 2010 USA Shooting National Championships and 2010 Fall Selection match and official final, the top three women in each event may choose to participate in up to three of the 2011 World Cup competitions. Only one of those three matches is guaranteed funding by USA Shooting. If more funding is available, opportunities to compete in subsequent World Cups are first offered to the first place woman, then the second place woman, then the third place woman, for a maximum funded participation of two World Cups. The third World Cup is self-funded. (The difference in the number of funded World Cups between Men and Women is because there is a maximum of one Olympic quota slot available in Women's events). In addition, those top three finishers in Men's and Women's events are named to the 2011 World Shotgun Championships Team.

4th Entry Gate for 2011 World Cups: For Men's and Women's events, the top finishers in each event in the 2011 Spring Selection match (March time frame), may choose to participate in the unfilled slots for the 2011 World Cup competitions, with a maximum of one World Cup per athlete. This participation is all self-funded. The National Coach may use a discretionary selection for an unfilled World Cup position in each event, outlined in paragraph II. B.

- C. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process to become Team nominees (including maximum Team size).

Maximum team size will be determined based on quota slots earned. While USA Shooting will fill all of their allocated quota slots for the Olympic Games, they may not field a full team size based on quota slots earned. Athletes who qualify themselves for more than one event (as detailed in section I.C of these selection procedures), will earn the right to compete in each event for which they qualify (e.g. qualify to compete in both trap and double trap). If this occurs, one athlete may fill multiple quota slots and may compete in multiple events resulting in a smaller team size. Unused Olympic quota slots will be returned to the ISSF in accordance with ISSF regulations.

Athletes will attempt to earn points in international competitions (World Cups and World Championships) during the 2010 and 2011 competitive seasons. Athletes who meet or exceed the point threshold will be nominated to the Olympic Team according to their point standing and up to the number of Olympic quota positions earned. The point threshold is 45 points.

There are three primary elements of this selection process, as well as a procedure for breaking ties:

- 1. Athletes Compete for “Starting Positions” via Selection Matches, or “Entry Gates.” (Attachment 1)**
- 2. Athletes Earn Points in International Competitions.**
- 3. If Olympic Quota Slots are Unfilled, Athletes Compete for Olympic Team Berths via Selection Matches.**
- 4. Ties for the Olympic Team will be shot off with full rounds.**

These three primary elements are detailed below:

1. Athletes Compete for “Starting Positions” via Selection Matches, or “Entry Gates.” Athletes compete for points in international competition after they have been selected via one of the “Entry Gates.” The first entry gate (described above) of the 2012 Olympic Team selection process is based on the aggregate point total of the 2009 USA Shooting National Championships plus the 2009 Fall Selection match, plus an official final. Course of fire during those matches:

--For Men’s and Women’s Trap and Skeet:

- 250 targets during the 2009 USA Shooting National Championships
- 250 targets during the 2009 Fall Selection match
- 25 targets during the official final for the aggregate of the those 2009 USA Shooting National Championships and 2009 Fall Selection matches
- Ties will be broken by shooting full rounds as necessary to break the tie

- For Double Trap (Men only)
 - 300 targets during the 2009 USA Shooting National Championships
 - 300 targets during the 2009 Fall Selection match
 - 50 targets during the official final for the aggregate of those 2009 USA Shooting National Championships and 2009 Fall Selection matches
 - Ties will be broken by shooting full rounds as necessary to break the tie

**NOTE: The 3rd Entry Gate (in 2010) follows the same pattern as the first entry gate.

One official final will be fired at the end of the second selection competition. The official final will be conducted with the top six competitors having the highest course of fire aggregate (combined USA Shooting National Championships and Fall Selection match) at the end of the second selection competition. Ties for the six official final positions will be broken by shooting full rounds.

The second and fourth "Entry Gates" (in 2010 and 2011) consist of a Spring Selection match. Course of fire for those matches:

- For Men's and Women's Trap and Skeet:
 - 125 targets during the regulation match
 - 25 targets during the official final following the regulation match
 - Ties will be broken by shooting full rounds as necessary to break the tie
- For Double Trap (Men only):
 - 150 targets during the regulation match
 - 50 targets during the official final following the regulation match
 - Ties will be broken by shooting full rounds as necessary to break the tie

In the event of inclement weather, power outages, range and range equipment errors, or circumstances beyond the control of the organizing staff, the tryout course of fire may be altered as determined by the competition jury in conjunction with the Match Director, National Coach, and USA Shooting's Director of Operations or Executive Director.

2. Athletes Earn Points in International Competitions. In Men's events, the top three athletes in each event who are selected via the first and third "Entry Gates" may participate in up to three World Cup events for the applicable competitive season. The National Shotgun Coach will allow those three athletes to select the World Cup competitions they wish to attend by February 1st of the applicable year. USA Shooting will fund only two of the three possible World Cups. The third World Cup, should an athlete choose to attend, is self-funded. In Women's events, the top three athletes may select three World Cups, only one of which is guaranteed funding by USA Shooting. If more funding is available, opportunities to participate in funded World Cups will be offered first to the first place woman, then to the second place woman, then to the third

place woman. The maximum funded World Cups for women is two. The third World Cup would be self-funded.

In addition, those top three athletes in all shotgun events who are selected via the first and third "Entry Gates" are named to the 2010 World Shooting Championship and 2011 World Shotgun Championships, respectively. Those athletes will compete for points in those respective competitions. No other athletes will be permitted to self-fund for those two events.

The top athletes in each event who are selected via the second and fourth "Entry Gates" may participate in the unfilled slots for the 2010 and 2011 World Cups, respectively, with a maximum of one World Cup per athlete. These opportunities are self-funded; they are NOT funded by USA Shooting.

Points earned by the athletes are cumulative and carry over from 2010 to 2011.

Points Leader: Defined as the person who has met the minimum threshold for points and has the highest point total derived from the selection process described above.

Athletes accumulate points per event. An athlete who competes in two or more events will accumulate points separately for each event.

If an athlete meets or exceeds the point threshold in 2010 but does not earn any more points in 2011, that athlete must maintain a current PSA/PSI by the end of the 2011 Fall Selection match in order to be nominated to the Olympic Team. This ensures the applicable athlete maintains world-level proficiency.

At the completion of the 2011 World Shotgun Championships, the National Shotgun Coach and the Director of Operations will confirm the point totals and nominate the athlete(s) to the 2012 Olympic Team based on the point standings and Olympic quota slots available, assuming all other requirements are met.

If there are ties among athletes meeting or exceeding the point threshold, those athletes will break the tie by competing in the 2011 Fall Selection match. The course of fire is 250 targets plus a final exclusively for the tied shooters. Ties are broken by shooting full rounds.

3. If Olympic Quota Slots are Unfilled, Athletes Compete for Olympic Team Berths via Selection Matches. If no athletes meet or exceed the point threshold (or if only one athlete has met or exceeded the threshold and a second Olympic quota slot is still available), the Olympic Team member(s) will be selected according to the aggregate point total of two selection matches and an official final prior to the 2012 Olympic Games (a 2011 Fall Selection match plus a 2012 Spring Selection match, plus official final).

The course of fire is as follows:

- For Men's and Women's Trap and Skeet:-250 targets during the 2011 Fall Selection match (September time-frame)
- 250 targets during the 2012 Spring Selection match (March time-frame)
- 25 targets during the final for the aggregate of the two matches above
- Ties will be broken by shooting full rounds as necessary to break the tie

- For Double Trap (Men only)
- 300 targets during the 2011 Fall Selection match (September time-frame)
- 300 targets during the 2012 Spring Selection match (March time-frame)
- 50 targets during the final for the aggregate of the two matches above
- Ties will be broken by shooting full rounds as necessary to break the tie

4. In the event there are ties in the Olympic events after completion of the trials procedures which involves any of the top six (6) athletes, additional finals consisting of full rounds will be conducted as necessary to determine the team position(s) of those competitors. Those finals will be conducted as soon as possible after verification that a tie exists. Ties occur in all events when the aggregate of the match courses and the final(s) are equal.

D. Provide the names of all committees/groups who oversee the selection process, including the names and titles of the current members.

USA Shooting's Director of Operations, Bill Roy or Executive Director, Robert Mitchell will oversee the selection process.

II. DISCRETIONARY SELECTION (if applicable)

A. Provide rationale for utilizing discretionary selection (if any):

The National Shotgun coach may select up to one athlete per event per World Cup season via discretion. Discretionary picks are not prioritized and athletes may or may not be PSA qualified at the time of the discretionary selection.

B. List the discretionary criteria and explain how they will be used (if any):

The criteria below will be used for discretionary selection and is not in priority order.

--Athletes who have demonstrated clear performance potential to succeed at international events at the level of World Cups, and/or potential to succeed in

Olympic events.

--Athletes subject to factors such as illness or injury, gun sabotage or problems, pregnancy or other personal situations, conflicting life events, educational requirements, and other exceptional circumstances, where top athletes with proven ability are unable to participate in "Entry Gate" selections.

--Athletes who suddenly demonstrate the "hot hand" in their event or newly-achieved skill levels between or out-of-phase with the "Entry Gates" may be considered for discretionary selection. This trend of improvement must be demonstrated in actual competitions, and not just training sessions.

--Additional evaluation of athletes who are non-PSA qualified will include:

- Relative nearness to the PSA standard
- Recent performance jumps or declines
- Developmental needs for competition exposure
- Projected performance levels as related to upcoming World Championships and Olympic Games

--The National Coach must be able to justify his discretionary selection to the other members of the Discretionary Selection Committee.

C. Discretionary Selection Committee

1. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members currently serving on the committee and their titles:

World Cup Selection Committee

2. Provide a complete list of the members of the committee(s), their titles and their background or NGB role that qualifies them to serve in this capacity.

Mark Weeks or Bret Erickson, National Shotgun Coach
Bill Roy, Director of Operations or Robert Mitchell, Executive Director
Inactive athlete, to be named by discipline, fitting the requirements of the ten-year list.

III. REMOVAL OF ATHLETES

A. Prior to acceptance of nominations by the USOC, USA Shooting has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by USA Shooting may be removed as a nominee for any of the following reasons, as determined by USA Shooting:

- Voluntary withdrawal. Athlete must submit a written letter to USA Shooting's CEO/Executive Director.
- Injury or illness as certified by an approved USA Shooting physician (or medical staff). If an athlete refuses verification of his/her illness or injury by an approved USA Shooting physician (or medical staff), his/her injury will be assumed to be disabling and he/she may be removed.
- Violation of USA Shooting's Code of Conduct (Attachment 2).
- An athlete may be removed as a nominee to the Team or from the Team at any time for violation of IOC, WADA, IF, USADA and/or USOC anti-doping protocol, policies and procedures, as applicable. In such instances, the adjudication process will be managed through the United States Anti-Doping Agency.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA Shooting's Constitution and Bylaws, Article XXII, Internal Grievance Procedures, or USOC's Bylaws, Section 9.

- B. After acceptance of nominations by the USOC, the USOC has jurisdiction over the Team under the USOC Code of Conduct and Grievance Procedures. This occurs no earlier than 45 days and no later than 30 days prior to the Opening Ceremonies of the Games (unless expressly waived by the USOC).

A Team member who is accepted by the USOC is subject to the USOC Code of Conduct and Grievance Procedures.

IV. REPLACEMENT OF ATHLETES

- A. Describe the process by which the replacement pool of athletes will be identified:

Replacement athletes will be selected from the qualifying selection process. The athlete finishing next in the standings in the applicable event will be selected. An athlete who made the team by meeting or exceeding the minimum point threshold will be replaced with the next athlete having attained the minimum point threshold, in rank order. If no other athlete has met or exceeded the threshold in that event, then the selection of the replacement athlete reverts to the selection cycle after the 2011 World Championships (i.e., the 2011 Fall Selection match plus 2012 Spring Selection match, plus official final). An athlete who makes the team from the 2011/2012 selection cycle will be replaced by the next ranked athlete from the selection cycle.

B. Describe how the replacement athlete(s) will be selected, should a vacancy occur:

i. Prior to acceptance of nominations by the USOC:

The athlete selected must be the person finishing next in the standings in the vacated event. An athlete who made the team by the minimum point threshold, will be replaced with the next athlete having attained the minimum point threshold, in rank order as described in paragraph IV. A, above. If there is no other athlete who met or exceeded the minimum point threshold, then the top athlete in that event who finished with the high aggregate score – including tiebreakers if necessary – of the 2011 Fall Selection match plus the 2012 Spring Selection match plus official final will be nominated.

ii. after acceptance of nominations by the USOC:

Replacement athletes will be selected from the USOC-accepted nominees already on the team. The athlete selected must be the person finishing next in the standings in the vacated event. An athlete, who made the team by the minimum point threshold, will be replaced with the next athlete having attained the minimum point threshold, in rank order as described in paragraph IV. A, above. If there is no other athlete who met or exceeded the minimum point threshold, then the top athlete in that event who finished with the high aggregate score – including tiebreakers if necessary – of the 2011 Fall Selection match plus the 2012 Spring Selection match plus official final will be nominated.

C. Identify the group or committee that will be responsible for making athlete replacement determinations:

i. Group or committee who determines the replacement pool:

Because the athlete standings at the end of the selection process is strictly objective, the Executive Director and National Coach would verify the athlete standing from the selection results.

ii. Group or committee who determines a replacement to the Team:

a. prior to acceptance of nominations by the USOC:

USA Shooting's Executive Director and the appropriate National Coach would verify the athlete standings from the selection results and then determine the appropriate replacement.

b. after acceptance of nominations by the USOC:

USA Shooting's Executive Director and the appropriate National Coach would verify the athlete standings from the selection results and then determine the appropriate replacement.

V. SUPPORTING DOCUMENTS

USA Shooting will retain the approved Selection Procedures and all supporting documents, including scouting or evaluation forms, etc., and data from the selection process for six months past the date of the Closing Ceremonies of the Games.

Any mandatory training deemed necessary will be scheduled and the athletes notified at least 45 days prior to the start of the training session.

X. ANTI-DOPING REQUIREMENTS

Athletes must adhere to all IOC, IPC, PASO, WADA, IF, USADA and USOC anti-doping protocols, policies and procedures, as applicable. This includes participation in Out-of-Competition Testing as required by the IOC, IPC, PASO, WADA, IF, USADA and USOC Rules, as applicable.

USA SHOOTING CODE OF CONDUCT

Section III: Team Rules

Sections III, IV, and the Team Member Agreement are applicable only to Team members who qualify and are selected to the U.S. Shooting Team, National Team (NT), National Development Team (NDT), National Junior Team (NJT), and Junior Olympic Team and other Teams that may be established under the auspices of USA Shooting. As a condition of entry to USAS supported teams and activities, each participant agrees to abide by all sections of the Code, without alteration.

1. This Code is in effect for all travel, competitions, training, USAS Olympic Training Center programs, seminars, or other USAS designated activities and functions. When travel is involved, this Code is in effect from the time an individual departs for a trip until he/she has returned home or continues on with personal travel.
2. Team members will maintain a level of fitness and competitive readiness that will permit maximum performances.
3. USAS sponsors, suppliers, and licensees provide critical support for the Team; hence, Team members will wear designated USAS apparel at all official Team functions and events.
4. Team members will not conceal or cover any USAS sponsor, supplier, or licensee brand or other identification appearing on USAS apparel.
5. Team members will abide by anti-doping standards put forth by the International Olympic Committee (IOC), World Anti-Doping Agency (WADA), the United States Anti-Doping Agency (USADA), the United States Olympic Committee (USOC) or the International Shooting Sport Federation (ISSF), and will meet established reporting and testing requirements. The Team member is responsible for requesting clearance of any medication(s) from USADA or the USOC director of sports medicine and applying for a Therapeutic Use Exemption (TUE). The Team member understands that application for a TUE does not constitute clearance for use of medications; the Team member must be in receipt of approval of the TUE from ISSF before the use of any prohibited medication is granted. The Team member has ultimate responsibility regarding banned substances. Double-check all medications, supplements and other substances, including unregulated over-the-counter products, to ensure such items will not result in a positive doping test. Note that some over-the-counter medications or supplements contain banned substances which are NOT included in the list of ingredients.
6. A Team member who competes at a destination requiring a passport will be in possession of a valid USA passport that will not expire prior to six months following the conclusion of the international competition. USAS may assist with visa applications and fees.

7. The Team member is responsible to provide and update gun descriptions and serial numbers to USAS. Gun permits and any other travel documentation will be provided to the athlete in a timely manner whenever possible. For group travel, the PIC will typically carry documentation for the group.
8. USAS coaching and/or USOC sports performance personnel may develop recommendations for a regimen of athletic training and conditioning, and appropriate competition experience. Based upon those recommendations, the Team member agrees to work with USAS and USOC staff toward the development of a program focused on improved and sustained elite athletic performance to attain established team goals. The Team member's program is expected to include the following elements, among others:
 - a. Range training;
 - b. Physical conditioning;
 - c. Mental training program and schedule;
 - d. Record fire and training competition schedule;
 - e. Formal competition;
 - f. Education regarding, and periodic testing for, banned and restricted substances.
9. Media, Appearances, Sponsorship and Promotional Activities:
 - a. Team members may contact sponsors of USAS (including their employees, partners, concerned individuals, et al) for the purpose of securing an individual sponsorship outside of the sponsor's agreement with USAS. If an athlete contacts a USAS sponsor regarding individual sponsorship, the athlete should inform the USAS Marketing and Communications Department as soon as practical.
 - b. Upon request by USAS, the Team member must agree to appear at and participate in promotional events. However, that athlete shall not be obligated to do so if the Team member or his/her coach(es) believe that such activity would adversely affect the athlete's training and competition performance or the athlete's military commander determines the event is in conflict with military requirements. The Team member agrees to make best efforts to participate in promotional appearances on behalf of USAS. These activities include, but are not limited to, clinics, speaking engagements, and fundraising programs. The Team member shall be provided transportation, lodging, and meals for any such USAS promotional activities. A participant stipend may be provided as determined by USAS and/or the requesting party.

In the event that any USAS sponsor or commercial entity desires to use a Team member's presence or image individually but in a manner which does not constitute an individual endorsement (i.e., usage which is not dependent upon identification of a particular athlete by name), then USAS shall notify the Team

member of such opportunity and he/she shall have the option either to consent to or reject the same. If the Team member consents to such appearance or usage, he/she may receive a fee plus reimbursement of expenses if such opportunity involves an on-location appearance from the sponsor. If the Team member rejects such proposed appearance or usage of his/her image, then USAS shall notify its sponsor accordingly, and may make such opportunity available to another Team member.

- c. Team members may not promote a sponsor or wear or display the name, logo, or other indicia of a third party that is in competition with a USAS sponsor or in a sponsor category, while participating in programs, activities, events, or competitions funded by USAS. Team members may use competitive gear and apparel with manufacturers' marks in accordance with IOC, USOC, and ISSF specifications. Violation of any part of this paragraph during any activity described herein, will be deemed and administrated as a commercial offense.
 - d. The following USA Shooting marks or terminology are legally protected and are not to be used without specific permission; USA Shooting name, logo, and design; USA Shooting Team name, logo, and design; USA Shooting Team Foundation name, logo, and design; US Shooting Team name, logo, and design, and USA Shooting News. This includes the use of and wearing of team uniforms with subject properties at activities where USAS does not have formal representation such as meetings, conventions, and trade shows. The Olympic rings, logo, and use of the word "Olympic" and variations thereof are protected by federal law and USOC filings.
10. Team members may not sell, trade, or give away ammunition, guns, supplies, or equipment provided by USA Shooting or sponsors.
11. All funded training/travel must be approved in advance by the National Coach or PIC. If an expense is not authorized, it will not be funded or reimbursed.
12. Submit expense vouchers to the National Coach or PIC within seven (7) days of completing a funded activity. All expense vouchers must be processed through the National Coach or PIC. Untimely submission for reimbursement may not be honored.
13. Responsibilities related to airline travel:
- a. USA Shooting will not pay excess baggage charges unless specifically authorized. The PIC will consider luggage requirements and excess baggage in the logistical planning.
 - b. USA Shooting will not pay for baggage insurance. If the Team members elect such coverage, it will be at their expense. Team members should obtain insurance for their shooting equipment.

- c. USA Shooting will pay round trip airfare at the least expensive rate. The Team member will pay any additional costs. Mileage will be reimbursed at the current mileage rate up to the cost of the least expensive airline ticket. Only vehicle drivers/owners will receive mileage reimbursement.
 - d. The National Coach, PIC, or administrative assistant will make all airline reservations and itinerary changes unless specific direction is provided otherwise. The Team member is not authorized to contact the airlines or USAS travel agent directly or to change USAS funded airline tickets. The Team member is responsible for all additional expenses incurred for any schedule changes made by the Team member on self-funded airline tickets. Supported Team members—such as military, or industry-sponsored athletes—will be responsible for making their own reservations and purchasing tickets when funded by the military or supporting organization.
 - e. Team members may not voluntarily relinquish their airline seats when there are scheduled activities and/or time sensitive requirements at the destination.
14. A receipt is required for all expenses other than meals.
15. Any Team member designated to be a rental car driver is responsible for seeing that his/her assigned passengers are at designated training/competition areas on time. Likewise, passengers are responsible to their driver for being prompt and keeping their driver informed of transportation requirements. Parking and traffic tickets or other fines or penalties will not be reimbursed. USA Shooting possesses liability and collision damage insurance for domestic vehicle rentals. A copy of the insurance certificate is available to each renting driver. USA Shooting will not pay for additional rental car insurance for domestic travel. In some cases, foreign travel may require additional insurance, which can be authorized by the PIC. Renters may elect additional coverage at their own expense.
16. Only those people authorized by rental contract and/or the National Coach or PIC may drive rental vehicles.
17. Team members should have a major credit card for emergencies and special situations—such as airline tickets or rental cars—as well as a valid ID (Passport will suffice).
18. Contact the appropriate National Coach regarding training, equipment, planning, selection for travel, competitions or other relevant subjects. Communication is an important part of assisting Team members to achieve their goals.
19. When USAS provides any financial support to a competition, the Team member will compete in the highest classification (i.e. AA class).
20. Team members are also required to attend awards ceremonies as designated by the National Coach or PIC. Exceptions will be approved in advance by the National Coach or

PIC.

21. Charges by hotels, including the Olympic Training Center, for damages, failure to return keys/meal cards and missing property (such as towels or linens), will be assessed to the responsible Team members(s).
22. Team members traveling outside of the U.S. are required to have a U.S. Customs form #4457 listing their rifle, pistol, or shotgun make, model and serial number. This requirement must be completed prior to domestic departure by taking the guns to any U.S. Customs office for verification of serial number and form completion. NOTE: Not every major airport has a U.S. Customs office—confirm the location prior to traveling there.
23. USAS does not typically coordinate participation for family and friends desiring to attend USAS competitions and events.
24. Team members may be requested or required to submit periodic reports of competition and training activities to the National Coach. Failure to submit such reports may jeopardize financial support and participation.
25. For other than emergencies, the staff will not accept collect calls. At the Team member's request, the staff member will gladly make a prompt return call to minimize the team member's expense.
26. All Team members are subject to an 11:00 p.m. curfew at any funded activity. Additional curfews may be established or varied by the National Coach or PIC at any activity.
27. Team members below the age of 16 must be accompanied by a parent or guardian on international events and competitions. Exceptions will be considered case-by-case by the Director of Operations. All minors must submit a medical consent and release form for each international event (available through the National Coaches or PIC).
28. Team members under the age of 21 may not consume alcoholic beverages at any time during a USAS activity. This includes international trips to countries that may have a lower legal drinking age than the US law.
29. Inappropriate, indiscreet, or overindulgent use of alcohol is a Code violation. Use of alcohol in such a manner as to impair or jeopardize the Team member's training program, or competition performance, or which poses a safety hazard to such person, other athletes, or other persons, or while wearing USAS logo clothing, during an award ceremony, during media and/or interview opportunities, or which reflects poorly on the USAS organization, staff, volunteers, spectators or the sport of shooting, is strictly prohibited. Under no circumstances is an athlete or staff member to consume alcohol when in violation of the law or range rules. The PIC will determine any such occasions when the use of alcohol may be appropriate while in USAS logo clothing.

30. The Team member accepts financial responsibility for airline tickets, hotel accommodations, and other expense activity which he/she has agreed to attend, but subsequently does not attend, unless athlete has been formally excused by the National Team Coach, PIC, or Director of Operations. If the Team member fails to appear at the event or make financial restitutions for expenses incurred by USAS, the Team member recognizes he/she can be placed on the B team. To regain active and supported status, the Team member must reimburse the team for the full net amount of the obligation USAS incurred, plus late fees if applicable
 31. Keep all contact information current and respond to requests by USAS staff in a timely manner.
 32. Non-team members, including family and friends attending USAS or ISSF events, are expected to live up to the spirit and intent of this Code of Conduct. Team members are expected to educate family and friends on the Code and strongly encourage compliance. The PIC is authorized to take reasonable action to correct violations directly with the non-participant when the situation dictates, and resort to action through the team member only under appropriate circumstances. Team members are not subject to disciplinary action for the misconduct of family members and non-participants.
 33. Team members are expected to compete in the spirit of fair play and good sportsmanship. False accusations, slanderous remarks, or statements concerning other participants that are inaccurate or untrue are clear violations of this code.
 34. Team members may not willfully aid, abet, or conspire with others to engage in any conduct or actions prohibited in any section of the Code.

USA SHOOTING CODE OF CONDUCT

Neat or designer jeans are acceptable. T-shirts, tank tops, shorts and flip-flops are prohibited. Wearing USAS and/or logo apparel of sponsors is strongly encouraged. It is NOT permissible to wear clothing/marks representing those companies in direct competition to USAS sponsors while traveling. All clothing must meet the standards under Paragraph 4, Social and Casual Clothing.
4. **Social and Casual Clothing:** When not covered by one of the circumstances described in paragraphs 2 and 3 above, Smart Casual Clothing (www.dresscodeguide.com) of the individual’s choice may be worn provided it conforms to the following:

 - c. No words or phrases, which include offensive language or political statements.
 - d. Clothing that is torn, frayed, has holes, or is excessively faded is not appropriate.

5. When participating in USAS activities or any ISSF competition, only names, logos, or marks of current USAS and/or authorized sponsors, as approved by USAS, may be displayed.

B. TEAM UNIFORM POLICY

One of the strengths of USA Shooting is its focus on team unity. An important element of that focus is the team uniform. This policy ensures the USA Shooting team members will comply with the ISSF directives on athlete apparel, as well as USA Shooting’s objectives for the uniform.

1. USA Shooting Uniform Objectives:
 - Present a distinctive, patriotic, fashionable, and uniform appearance for our athletes.
 - Provide a durable-yet-affordable design that can extend through the 2016 quadrennial.
 - Provide consistency across disciplines to maintain a strong reinforcement of team identity.
 - Set up our athletes to portray the desired image both on the field of play and on the podium.
 - Accommodate the athletes in their performance on the field of play; i.e., provide a uniform that does not hinder the athletes in their individual shooting techniques, and is suitable under varying conditions.
 - Shape the culture that reflects professionalism, team unity, discipline, and excellence.
2. Ceremonies Attire: The uniform for all Opening and Closing ceremonies and for all award ceremonies is the USAS Award uniform described below, or as determined by the PIC. This uniform must be worn by Team members any time they receive a shooting award at a USAS or ISSF event. The Team Member is responsible for having this uniform on hand at every USAS event. The National Coach or PIC may make exceptions to ceremony attire as appropriate.
3. All other official USAS activities: The PIC will designate the uniform for official functions such as banquets, media events, photo shoots, trade shows, sponsor activities and any other official activities. Participants who are not NT/NDT/NJT members but are participating with the U.S. Team are required to wear clothing prescribed by the PIC. Participants will be advised in advance of the activity of the appropriate attire.
4. The team uniforms for members of the National Team, National Development Team, and National Junior Team are as follows:

AWARD UNIFORM is the Jammin™ athletic suit:

- Jammin jacket with appropriate logo for Rifle/Pistol (Eley) or Shotgun (Winchester).
- Jammin pants.

COMPETITION UNIFORM:

- USA Shooting polo shirt or T-Shirt with USAS marking. Colors: Red, white, or blue (any shade).
- Navy blue or black long pants, capris, athletic pants or shorts, OR the Jammin pants. Note: For domestic competitions, pants other than navy blue or black are permitted, but must conform to all other USAS and ISSF dress code requirements.
- Headgear: USA Shooting Baseball-style hats or visors are permitted but not required. Headbands with occluders or blinders are permitted. Hats must feature team colors: Red, white, or blue (navy or light), with a USA Shooting logo on the front. Headgear and sponsor markings must comply with ISSF standards.

- Appropriate footwear. Athletic shoes or specially designed shooting shoes are permitted in all events.

TRAINING UNIFORM:

- During training days only, athletes may wear attire that is consistent with the look and style of the official uniform, but the official uniform is not required. For example, athletes may wear pants of a color other than navy blue or black, and a shirt of a color other than the official uniform. Athletes should strive to comply with the intent of the ISSF and USAS uniform standards.

5. UNIFORM GUIDANCE FOR INTERNATIONAL COMPETITION

 - No headgear or sunglasses are permitted on the podium.
 - No additional outerwear should be worn with the awards suit.

 - Rifle: May wear the Jammin pants in the prone position if desired, though not required.
- **On the field of play during training:**
 - Wear the designated Training uniform or Competition uniform as outlined above.

6. UNIFORM GUIDANCE FOR DOMESTIC COMPETITION

Competitors who are not on a USA Shooting team are required to adhere to the guidance for attire contained in Section I, Paragraph E (Dress Code for Training and Performance), but are not required to abide by this USA Shooting Team Uniform Policy.

- **On the podium for members of the National, Development, and Junior Team:**
 - Athletes who own the USA Shooting-issued awards suit must wear the complete suit as outlined above.
 - **HOT WEATHER OPTION:** At the discretion of the National Coach, athletes may wear the awards suit jacket, and may also wear the navy blue or black shorts or pants in lieu of the award suit pants.
 - No headgear or sunglasses are permitted on the podium.

- **On the field of play during training and competition:**
 - Domestic uniform requirements do not include navy blue or black shorts or pants. However, Team members are strongly encouraged to wear USA Shooting shirts and headgear as described above.

7. SPECIFIC GUIDANCE ON UNIFORM WEAR

USA SHOOTING CODE OF CONDUCT

Section IV: TEAM MEMBER AGREEMENT

A. GENERAL

1. This Team Member Agreement applies to members of the USA Shooting Teams, including the National Team (NT), National Development Team (NDT), or National Junior Team (NJT), and concerns sponsorship, support, and incentives.

By checking the "ACCEPT" statement at the end of this document, signing and dating, without alteration, the Team member acknowledges he or she has read, understood, and will comply with this Agreement. Team members who check the "DECLINE" statement, must still sign and date the agreement. Team members who decline the provisions of this Agreement will retain eligibility on the Team and are still eligible for Basic Services (see Paragraph 4a, below), but may receive reduced funding and sponsor product. Team members who decline ARE NOT ELIGIBLE FOR USAS TEAM MEMBER INCENTIVES, but will still be eligible for USOC Direct Athlete Support. Athletes who decline this Agreement must still sign and comply with the Code of Conduct.

2. Team members' participation in USAS programs is entirely voluntary, but implies responsibility. In order to protect the organizational, operational, and financial integrity of USAS and its programs, including its obligations as an NGB, we must govern the receipt of benefits and requirements for athlete participation. Nothing in this Agreement is intended to create an employer/employee relationship between USAS and the Team member; nevertheless, there is a clear obligation between both parties to honor all aspects of this policy.

B. TERM OF AGREEMENT

1. Team members may update this Agreement at any time for any reason by notifying USAS Director of Operations, checking the appropriate statement, signing and dating. The Team member has a responsibility to remain current with this document, especially regarding sponsorship. A list of sponsors and supporting partners is available on the USA Shooting website at the "Sponsors" link at: <http://usashooting.org/sponsorsMain.php>.
2. This Agreement expires on December 31, 2012. (NOTE: The Code of Conduct does NOT expire, but may be updated periodically.)

C. USA SHOOTING AND TEAM MEMBER RESPONSIBILITIES

1. I agree that while a member of the National Team, National Development, or National Junior Team, I will pursue a training program designed to improve and maximize my performance level, abide by the Code of Conduct, and support USA Shooting's efforts to strengthen its organizational and athlete programs.

2. I understand that by accepting this Agreement, I acknowledge an on-going responsibility to USAS and its sponsors. Under the provisions of the USAS Code of Conduct, Section I, Paragraph E(2), I am obligated to be familiar with all USAS sponsors. I agree that if I have an agreement for sponsorship, licensing, advertisement or promotion with an entity (“My Sponsor”) that is in competition with a USAS sponsor, I will not, while directly engaged in any competition, event, or activity as a funded member of the National Team, National Development Team, or National Junior Team, promote the products or services of My Sponsor.
3. USA Shooting may provide athletes with sponsor and/or team-provided product(s), including ammunition. Using such products is important for developing and honoring corporate sponsorships. Acceptance of such product(s) indicates a willingness to use these products. Team members are required to use non-Performance Equipment sponsor products at training and/or competitions as designated by the USAS staff. Team members may decline to accept performance equipment and/or product(s) with the full understanding that USAS will not provide alternate products, store, ship, or in any way assist in procuring products on behalf of the Team member who competes with USAS and/or USOC sponsors. Team members are prohibited from speaking negatively and should speak positively regarding sponsors products.
4. USA Shooting will provide Team members with “Basic Services” listed below.
 - a. Basic services:
 - 1) Coaching assistance from the Team staff.
 - 2) A limited ammunition allocation, depending on availability of funding, sponsorship support, and athlete performance level.
 - 3) Financial support to team training and competitions, which may include reimbursement for meals, lodging, travel, fees, and other authorized expenses. Not all activities may be subsidized 100%. Financial support is determined by program needs, performance levels, and budget.
 - 4) USOC Performance Pool funded programs and USOC Athlete Support where eligible.

In addition, the following support benefits may be provided to Team members accepting this Agreement. (The extent of the support is dependent upon several factors including budget, time, sponsor support, staffing, and performance levels of the Athlete.):

- b. Use of products provided by sponsors
- c. USAS athlete incentive and/or reward programs may be provided.

D. ATHLETE INCENTIVES

The athlete incentive program is designed to reward shooting performance and encourages the use of key sponsor products. Any incentives offered will be established by USAS and will be dependent upon the nature and value of the related sponsor. Any incentive program will be implemented at the discretion of USAS and/or relevant sponsors. Incentives—monetary or

product—will be based on the total contribution of the sponsorships.

G. WAIVER

The failure of either party at any time to demand strict compliance by the other party with regard to any of these terms, covenants, or conditions of this Agreement shall not be construed as a continuing waiver or relinquishment of any rights granted by this Agreement.
