**2012 Paralympic Games in London, England**

**I. SELECTION SYSTEM**

**A. Provide the minimum eligibility requirements for an athlete to be considered for nomination to the Team:**

1. Citizenship:

Athletes must be citizens of the United States at the time of nomination and hold a valid U.S. passport that will not expire for six months after the conclusion of the Games.

2. Minimum International Federation (IF) standards for participation:

Athletes must attain the International Paralympic Committee (IPC) Minimum Qualifying Score (MQS) twice in the event for which they are nominated to the Paralympic Games, in an IPC Approved Competition between 1 January 2010 – 1 Jun 2012.

3: Other Requirements:

a. Athletes must be members in good standing of USA Shooting (USAS).

b. IPC/IF Classification:

At the time of nomination an athlete must have an IPC International Classification with an international sport class status of R-Review or C-Confirmed, or if there has been no opportunity for the athlete to be internationally classified, the athlete must be evaluated by USOC medical and/or Paralympic staff and determined likely to classify in the sport class in which he/she would be qualified for the Team; provided that athletes with an international sport class status of N-New are allowable for entry on the official team nomination into the 2012 Paralympic Games. A description of sport-specific classification requirements and current international athlete sport class status can be found on the IPC website at <http://ipc-shooting.org/>.

**B. Tryout Events:**

**1. Provide the event names, dates and location of all trials, events and camps to be used as part of the selection process.**

USA Shooting will not conduct trials as part of the selection process. However, athletes may gain eligibility for selection to the 2012 Paralympic Team in the following events:

a. 2011 IPC Paralympic Qualifying (PQ) World Cups in Spain (May), Australia (Nov), and USA (Oct). An IPC PQ World Cup is an event where Direct Allocation quota places (defined in paragraph I.C.) are awarded to top finishers according to the IPC grid for that

event (see Attachment 1).

b. 2010 - 2011 IPC World Cups and IPC Approved matches. An IPC World Cup or IPC Approved match is an event where an athlete may achieve an IPC MQS score. Events include:

- 2010 IPC World Cups
- 2011 IPC World Cups tentatively scheduled for Poland (March), Turkey (April), and Great Britain (Sept). NOTE: USAS has not yet committed to attend these events due to funding restrictions. If fundraising increases and is sufficient for the National Coach or Team Leader to attend one or more of these events, USAS will post that commitment to participate on the main USAS website NLT 30 days prior to the event. With current funding levels, we expect that athletes who attend will be self-funded.
- 2011 USAS National Championships for Rifle/Pistol, July '11. (Approval to be an "Approved IPC Competition" is TBC. Once approval is known it will be posted at [www.usashooting.org](http://www.usashooting.org))
- 2010 IPC World Championships.

**2. Provide event names, dates, locations and description of how athletes qualify for any "preliminary or qualifying" events or procedures that are prerequisites to attend any of the trials, events or camps listed above in B.1 (if any).**

Athletes may qualify for participation in the eligibility events listed above (I.B.1.a-b) via three avenues:

- a. By shooting a "USAS Travel Score" (listed below) in 2009 – 2011 at "major USAS competitions" (defined below).
- b. By shooting a score equivalent to the IPC MQS score (listed below) at major USAS competitions.
- c. Through discretionary recommendations to be made by the World Cup Selection Committee (See discretionary selection criteria in paragraph II.B.)

Due to the relatively small number of athletes participating in Paralympic shooting, as well as the infancy of the USAS Paralympic Shooting program (established in April, 2009), it is appropriate to consider all competitors and scores since the beginning of the 2012 quadrennial. Thus, all Travel Scores or "MQS-equivalent" scores (defined below) achieved at a major USAS competition from 1 January 2009 up to 30 days prior to an IPC PQ World Cup or IPC Approved competition in 2011 are considered legitimate and valid.

An "MQS-equivalent" score is a score that equals or exceeds the IPC MQS score, but is not shot at an IPC event. Thus, an athlete can shoot an "MQS-equivalent" score at any major USAS competition, but that score will not be recorded by the IPC as an MQS score.

A detailed description of the qualifying process is included in section I.C.

“Major USAS Competitions” include the following events in the 2012 quadrennial (2009 – February 2012):

- USA Shooting National Championships for Rifle/Pistol
- Fall selection match for Rifle/Pistol
- Spring Selection match for Rifle/Pistol
- Winter Airgun Match
- Rocky Mountain Championships for Rifle
- Civilian Marksmanship Program Camp Perry Open, and Dixie Double Airgun match
- Warrior Games

NOTE: Official results and scores are maintained by both the USAS National Paralympic Coach and the USAS Competitions Manager. Scores must be verified by checking the official posted results.

USAS Travel Scores and IPC MQS scores are as follows:

- A Travel Score is a score established by USA Shooting that reflects a performance level that could qualify for a final or compete for a medal at an IPC competition.
- An MQS score is a score established by the IPC, and reflects a lower level of performance; that score could compete with the field, but is not likely to qualify for a final or compete for a medal. The IPC counts the number of athletes in a National Paralympic Committee (NPC) who have shot MQS scores in its algorithm to calculate the number of 2012 Paralympic Team berths to distribute via its MQS Qualification Award system. (See Attachment 1)

**C. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process to become 2012 Paralympic Team nominees (including**

**maximum Team size).**

There is no maximum size for the 2012 Paralympic Team. Paralympic Team size depends on the total number of Paralympic “Direct Allocation” (DA) quota places (defined below) and “MQS Qualification Award” (QA) places (defined below) earned by the US. The IPC allows a maximum of five Direct Allocation quota places. There is no maximum number of MQS Qualification Award quota places per country.

- A Direct Allocation (DA) quota place can be won by an athlete in one of the three IPC PQ World Cups in 2011: Spain, Australia, and USA (see Para I.B.1.a). This quota place allows the NPC who possesses the quota place to send an athlete to the Paralympic Games to fill a start position; that athlete may also be qualified to start in two or more events.
- An MQS Qualification Award (QA) quota place is a quota awarded to an NPC based on the total number of athletes in that NPC who have achieved two IPC MQS scores in at least one event. The IPC will apply an algorithm to determine the actual number of MQS Qualification Award quota places for each NPC (see Attachment 1, pp 4 – 6). In essence, the more athletes who have achieved MQS eligibility per country, the more MQS Qualification Award quota places a country may receive.

The step-by-step description for how an athlete proceeds through the selection process to become a 2012 Paralympic Team member is defined below:

1. Athletes who win a Direct Allocation quota place at a 2011 IPC PQ World Cup will be nominated to the 2012 Paralympic Team in the event in which they won the DA quota place provided that athlete has attained two MQS scores in that event. If an athlete has achieved at least one MQS score in other event(s), that athlete may also compete in those event(s) if that athlete is ranked in the top three US Paralympic Team members in those event(s). The maximum number of participants from one NPC in one event is three.

Athletes will be selected to participate in 2011 IPC PQ World Cups considering these factors:

- a. Athletes who achieve a Travel Score may be able to participate in up to three of the 2011 IPC PQ World Cup competitions, where they may compete for DA quota places and where they may achieve IPC MQS scores. The USAS National Paralympic Coach will rank and then select athletes to participate according to their highest score achieved at a major USAS competition or IPC competition in 2009 – 2011. (See paragraph “e” below, for ranking process.)
- b. The number of athletes participating in an IPC PQ World Cup may be limited by an Organizing Committee due to venue space. When the number of athletes must be restricted due to venue space, the National Coach will make selections for each IPC PQ World Cup based on the ranking procedure explained in paragraph “e” below.
- c. If slots are available for athletes to attend IPC PQ World Cups (i.e., the maximum number of slots is not filled by athletes who have achieved a Travel score and there are no venue restrictions), then athletes will be ranked and then selected to participate according to their highest MQS-equivalent score achieved at a major USAS competition or IPC competition in

2009 – 2011. (See paragraph “e” below, for ranking process.) Athletes who have achieved MQS-equivalent scores are encouraged to participate in IPC PQ World Cups, IPC World Cups, and IPC Approved matches since more IPC MQS athletes from the USA increase the likelihood of more MQS Qualification Award quota places for the USA.

In any of the instances above (a-c) if the number of participants exceeds that which is manageable by the National Coach or Team Leader, athletes may need to self-fund.

d. The World Cup Selection Committee may choose up to two discretionary selections per IPC PQ World Cup. See Section II.B.

e. The ranking process used by the National Paralympic Coach consists of comparing the difference between an athlete’s highest actual score in a major 2009-2011 USAS competition (see section I.B.2) or 2009-2011 IPC Approved competition against a Travel Score in that event to attain a percentage ranking. For instance, if an athlete shoots a 592 in an event where 597 is the Travel Score, the percentage value is 99.2%. The National Coach will form rankings based on the score percentage for each athlete.

2. In addition to the athletes who will be nominated to the 2012 Paralympic Team because they have won a DA quota place, other athletes who have achieved two IPC MQS scores in an event are eligible to be nominated to the 2012 Paralympic Team. The number of athletes to be nominated is equal to the number of MQS Qualification Award quota places awarded to the US by the IPC, based on the number of US athletes who have achieved IPC MQS scores from 1 January 2010 to 31 December 2011 (award process detailed in Attachment 1). In addition, if an athlete who has won a Direct Allocation quota place is unable to fill that quota place for any reason, an athlete from the ranking pool described below will be nominated to fill that Direct Allocation quota place.

Athletes will be nominated to fill a 2012 Paralympic MQS QA quota place based on their performance according to this ranking procedure:

a. An athlete is assigned a ranking value based on the best finish in any event at any 2011 IPC PQ World Cup. For instance, if an athlete finishes in first place in any event at a 2011 IPC PQ World Cup, that athlete’s ranking value is “1.” An athlete whose best finish is sixth place in any event, for instance, has a ranking value of “6,” and so forth. The best ranking value (i.e., “1”) is selected first, and so on down the ranking.

b. If athletes have equal ranking values, the next ranking discriminator is based on the athlete’s best finish in any different second event (R1-R8 or P1-P4) in any 2011 IPC PQ World Cup. If an athlete has not competed in a separate second event, there will be no ranking value assigned

c. If athletes are still tied in ranking values, the tie will be broken by the athletes’ highest ranking in any event in the IPC World Ranking as of 31 Dec 2011.

d. If athletes are still tied, an athlete will be selected and nominated via the World Cup Selection Committee (see paragraph II.C., below).

e. If the US is awarded more than five total quota places (a combination of DA and QA), the IPC will apply a gender allocation formula which may require the addition of a minority-gender athlete (see Attachment 1 for formula). In this case, the gender-added athlete(s) will be selected using the process in paragraphs “a” through “d” above. After that athlete is selected, that athlete is assigned a ranking value of “1” among the MQS QA athletes, to ensure he/she is nominated to the 2012 Paralympic Team.

3. Athletes will be selected or permitted to compete in 2011 IPC World Cups or 2011 IPC Approved competitions considering several factors below. These events do not offer Direct Allocation quota places, but athletes can attain IPC MQS scores.

*NOTE 1: In the instances described below, athletes may be required to self-fund to competitions. The degree of self-funding may vary depending on the number of qualified athletes, the availability of funding, whether USA Shooting plans to attend the event, and/or USA Shooting’s ability to manage the number of participants.*

*NOTE 2: There is no requirement to have achieved a travel score or MQS in order to participate in the 2011 USA Shooting National Championships for Rifle/Pistol. The only restriction on participation may be due to venue/organizer constraints. If participants must be limited, athletes will be eligible to participate based on the ranking detailed in I.C.1.e.*

At 2011 IPC World Cups or 2011 IPC approved competitions where the USAS National Paralympic Coach or Team Leader attends, athletes will be selected to compete based on the best scores they have achieved in 2009-2011 (See section I.B.2 for events). The World Cup Selection Committee (see Section II) may also choose up to two discretionary selections per IPC World Cup or IPC Approved event. When the number of participants is restricted by venue/organizer constraints, USA Shooting will select athletes based on ranking list detailed in section I.C.1.e as well as Discretionary Selection.

If USA Shooting is not planning to attend an IPC event, but an athlete wishes to do so, the athlete must contact the National Paralympic Coach to make arrangements for official participation. Athletes may be required to self-fund to the event. Self-funding may include a portion or all of the expenses incurred to send a coach or assistant from USAS as well as a complete payment for the athlete’s event expenses. Self-funded athletes are subject to the USAS Code of Conduct

**D. Provide the names of all committees/groups who oversee the selection process, including the names and titles of the current members.**

- TBD, Member USAS Staff
- Bob Foth, USAS National Paralympic Coach
- Connie Smotek, Athletes’ Advisory Council Representative

**II. DISCRETIONARY SELECTION (if applicable)**

A. Provide rationale for utilizing discretionary selection (if any):

The World Cup Selection Committee may make two discretionary selections for each of the 2011 IPC PQ World Cups, 2011 IPC World Cup and/or 2011 IPC Approved competitions. These discretionary selections will allow the National Paralympic Coach to provide top competitors with opportunities to earn Direct Allocation quotas or opportunities to shoot MQS scores when mitigating factors might not allow them to compete in IPC PQ World Cups, IPC World Cups, and/or IPC Approved competitions.

B. List the discretionary criteria and explain how they will be used (if any):

Criteria and/or considerations used by the World Cup Selection Committee to make discretionary selections for participation in the World Cups:

- The athletes must have demonstrated clear performance potential to fire a Travel Score or an MQS score at international events and World Cups.
- The World Cup Selection Committee may make these selections to mitigate factors such as illness or injury, gun sabotage or problems, pregnancy or other personal situations, conflicting life events, educational requirements, where top athletes with proven ability are unable to participate in major USAS competitions or IPC World Cup or IPC Approved competitions.
- Athletes who suddenly demonstrate the “hot hand” in their event or newly-achieved skill levels between or out-of-phase with the major USAS competitions may be considered for discretionary selection. This trend of improvement must be demonstrated in actual competitions, and not just training sessions.

C. Discretionary Selection Committee

1. Provide the name of the Committee that will be responsible for making discretionary selections, along with a complete list of the members currently serving on the committee and their titles:

World Cup Selection Committee

- Bob Foth, National Paralympic Coach
- TBD, Member, USA Shooting Staff
- Connie Smotek, Athlete Advisory Council Representative

### III. REMOVAL OF ATHLETES

A. Prior to acceptance of nominations by the USOC, USA Shooting has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by USA Shooting may be removed as a nominee for any of the following reasons, as determined by USA Shooting:

- Voluntary withdrawal. Athlete must submit a written letter to USA Shooting’s Executive

Director-CEO.

- Injury or illness as certified by an approved USA Shooting physician (or medical staff). If an athlete refuses verification of his/her illness or injury by an approved USA Shooting physician (or medical staff), his/her injury will be assumed to be disabling and he/she may be removed.
- Violation of USA Shooting's Code of Conduct (Attachment 2).

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per USA Shooting's Constitution and Bylaws, Article XXI, Internal Grievance Procedures, or USOC's Bylaws, Section 9.

B. After acceptance of nominations by the USOC, the USOC has jurisdiction over the Team under the USOC Code of Conduct and Grievance Procedures. This occurs no earlier than 45 days and no later than 30 days prior to the Opening Ceremonies of the Games (unless expressly waived by the USOC).

A Team member who is accepted by the USOC is subject to the USOC Code of Conduct and Grievance Procedures.

- C. An athlete may be removed as a nominee to the Team or from the Team at any time for violation of IOC, PASO, IPC, WADA, IF, USADA and/or USOC anti-doping protocol, policies, and procedures as applicable. In such instances, the adjudication process will be managed through the United States Anti-Doping Agency.

#### **IV. REPLACEMENT OF ATHLETES**

A. Describe the process by which the replacement pool of athletes will be identified:

Replacement athletes will be selected from the qualifying selection process described in paragraph I.C.2.a-e. The eligible athlete finishing next in the rankings will be selected, subject to the IPC limit of three athletes per country per event.

B. Describe how the replacement athlete(s) will be selected, should a vacancy occur:

- i. prior to acceptance of nominations by the USOC:

The athlete selected must be the person finishing next in the rankings. See paragraph IV.A, above.

- ii. after acceptance of nominations by the USOC:

Up to the final submission date of 2012 Paralympic Team members (6 June 2012) replacement athletes will be selected from the rankings described in paragraphs I.C.2.a-e. After 6 June 2012, the replacement athletes will come from those athletes currently nominated to the team according to the ranking for the vacant event as described in I.C.2.a-e. If there are no athletes who are ranked in the vacated event, the quota place

and event will go unfilled. If the athlete who vacated the quota place was a gender-added athlete (See I.C.2.e above), there will be no requirement to replace that athlete with an athlete of the same gender since the procedure draws only from nominated 2012 Paralympic Team members.

C. Identify the group or committee that will be responsible for making athlete replacement determinations:

i. Group or committee who determines the replacement pool:

Because the athlete standings at the end of the selection process are strictly objective, a member of USA Shooting and National Paralympic Coach would verify the athlete standing from the selection results.

ii. Group or committee who determines a replacement to the Team:

a. Prior to acceptance of nominations by the USOC:

See IV.B.ii above

b. after acceptance of nominations by the USOC:

See IV.B.ii above

## **V. SUPPORTING DOCUMENTS**

USA Shooting will retain the approved Selection Procedures and all supporting documents, including scouting or evaluation forms, etc., and data from the selection process for six months past the date of the Closing Ceremonies of the Games.

## **VI. REQUIRED DOCUMENTS**

The following documents are required to be signed by an athlete as a condition of nomination to the Paralympic Games and are included as attachments: USA Shooting Code of Conduct (Attachment 2).

## **VII. PUBLICITY/DISTRIBUTION OF PROCEDURES**

The USOC approved Selection Procedures (complete and unaltered) will be posted/published by USA Shooting in the following locations and will include the USOC approval date:

A. USA Shooting Web site: [www.usashooting.org](http://www.usashooting.org). These procedures will be posted as soon as possible, but not more than five business days following notice of approval by the USOC.

B. USA Shooting Official Publication (if any): USA Shooting News

C. Other: Not applicable.

## **VIII. DATE OF NOMINATION**

The Nomination of Athletes form, including replacements, will be announced to all athletes and submitted to the USOC on: 6 June, 2012.

## **IX. MANDATORY TRAINING AND/OR COMPETITION**

Specify the location, schedule and duration of mandatory training and/or competition:

Any mandatory training deemed necessary will be scheduled and the athletes notified at least 45 days prior to the start of the training session.

## **X. ANTI-DOPING REQUIREMENTS**

Athletes must adhere to all IPC, PASO, WADA, IF, USADA and USOC anti-doping protocols, policies and procedures, as applicable. This includes participation in Out-of-Competition Testing as required by the IPC, PASO, WADA, IF, USADA and USOC Rules, as applicable.

## **XI. DEVELOPMENT OF SELECTION PROCEDURES**

The following committee/group (include names and titles) was responsible for creating these Selection Procedures:

- Director of Operations: Bill Roy
- National Paralympic Coach: Bob Foth
- Connie Smotek, Athletes' Advisory Council Representative

## **XII. NGB/PSO BYLAWS AND GRIEVANCE PROCEDURES**

The USA Shooting Bylaws and Grievance Procedures can be found at: [www.usashooting.org](http://www.usashooting.org)

## **XIII. INTERNATIONAL DISCLAIMER**

These procedures are based on IOC, IPC, PASO, as applicable, and/or IPC rules and regulations as presently known and understood. Any change in the selection procedures caused by a change in IOC, IPC, PASO, as applicable, and/or IPC rules and regulations will be distributed to the affected athletes immediately. The selection criteria are based on the latest information available to USA Shooting. However, the selections are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

If any force of nature, or force majeure, should cause the alteration or cancellation of any of the selection events listed in this document, these selection procedures will be revised, pursuant to their resubmission to the USOC.

<b>IPC SHOOTING WORLD CHAMPIONSHIPS AND WORLD CUPS ALLOCATION (MQS)</b>	<p>A total of seventy six (76) slots are allocated in World Championships and World Cups competitions.</p> <p>An athlete must obtain a minimum of 2</p>	

MQS results in order to be included in the final qualification list.

Once an athlete has obtained qualification (=2 MQS) for an event, only 1 MQS is necessary for an additional event.

NPC Allocation Formula:

Following the compilation of the List closing 31 December 2011, IPC Shooting will calculate the NPC qualification slot allocations through the following formulas:

Determination of overall NPC athlete quota ratio:

**76 QUALIFICATION SLOTS FROM MQS**

----- = R  
**TOTAL ELIGIBLE ATHLETES QUALIFIED BY MQS**

R = NPC athlete quota ratio

Determination of the number of eligible athlete qualifications per NPC:

TE x R = TS

TS = Final qualification slot allocation quota

TE = Total Eligible Athletes qualified by MQS results per NPC

Overall number of slots per NPC:

The overall number of slots per NPC is the sum of the direct slots and the final qualification slots through MQS results (TS)

METHOD	QUALIFICATION	TOTAL
	The quota for NPCs having both male and female eligible athletes will be allocated through the gender representation ratio:	

$$TE(M) \times GP(M) = GR(M)$$

$$TE(F) \times GP(F) = GR(F)$$

TE (M) = Total eligible male athletes for the NPC

TE (F) = Total eligible female athletes for the NPC

GP(M) = Gender percentage; 71.421% for male ratio

GP(F) = Gender percentage; 28.571% for female ratio

GR(M) = Gender representation male ratio

GR(F) = Gender representation female ratio

Determination of qualification slot allocation quota (per NPC):

$$GR(M) + GR(F) + RS = TS(M/F)$$

RS = remaining slots

TS(M/F) = Total qualification slot allocation quota for NPC with male and female athletes

The gender based slots through direct qualification are included in the calculation. Should the gender allocation not assign all slots to a given gender, the remaining slot(s) shall be distributed at the discretion of the respective NPC.

The quota for NPCs having only eligible male or only eligible female athletes will be allocated 100% for athletes in the respective gender.

The above mentioned method does not apply for NPCs with a total of up to five (5) eligible athletes as the gender representation ratio cannot be implemented. Those NPCs will be allocated gender-free slots according to their total number of slots that can be allocated based on the NPC allocation formula.

METHOD	QUALIFICATION	TOTAL
<b>BIPARTITE COMMISSION INVITATION ALLOCATION</b>	Four (4) Bipartite Commission Invitation Allocation slots will be made available for eligible NPCs. To be considered for a Bipartite Commission Invitation, IPC Shooting must receive an official application in writing from the relevant NPC.	4 Athletes
<b>TOTAL</b>	<b>MEN</b> <b>WOMEN</b>	<b>100</b> <b>40</b>

## USA SHOOTING CODE OF CONDUCT

### Section III: Team Rules

Sections III, IV, and the Team Member Agreement are applicable only to Team members who qualify and are selected to the U.S. Shooting Team, National Team (NT), National Development Team (NDT), National Junior Team (NJT), and Junior Olympic Team and other Teams that may be established under the auspices of USA Shooting. As a condition of entry to USAS supported teams and activities, each participant agrees to abide by all sections of the Code, without alteration.

1. This Code is in effect for all travel, competitions, training, USAS Olympic Training Center programs, seminars, or other USAS designated activities and functions. When travel is involved, this Code is in effect from the time an individual departs for a trip until he/she has returned home or continues on with personal travel.
2. Team members will maintain a level of fitness and competitive readiness that will permit maximum performances.
3. USAS sponsors, suppliers, and licensees provide critical support for the Team; hence, Team members will wear designated USAS apparel at all official Team functions and events.
4. Team members will not conceal or cover any USAS sponsor, supplier, or licensee brand or other identification appearing on USAS apparel.
5. Team members will abide by anti-doping standards put forth by the International Olympic Committee (IOC), World Anti-Doping Agency (WADA), the United States Anti-Doping Agency (USADA), the United States Olympic Committee (USOC) or the International Shooting Sport Federation (ISSF), and will meet established reporting and testing requirements. The Team member is responsible for requesting clearance of any medication(s) from USADA or the USOC director of sports medicine and applying for a Therapeutic Use Exemption (TUE). The Team member understands that application for a TUE does not constitute clearance for use of medications; the Team member must be in receipt of approval of the TUE from ISSF before the use of any prohibited medication is granted. The Team member has ultimate responsibility regarding banned substances. Double-check all medications, supplements and other substances, including unregulated over-the-counter products, to ensure such items will not result in a positive doping test. Note that some over-the-counter medications or supplements contain banned substances which are NOT included in the list of ingredients.
6. A Team member who competes at a destination requiring a passport will be in possession of a valid USA passport that will not expire prior to six months following the conclusion of the international competition. USAS may assist with visa applications and fees.

7. The Team member is responsible to provide and update gun descriptions and serial numbers to USAS. Gun permits and any other travel documentation will be provided to the athlete in a timely manner whenever possible. For group travel, the PIC will typically carry documentation for the group.
8. USAS coaching and/or USOC sports performance personnel may develop recommendations for a regimen of athletic training and conditioning, and appropriate competition experience. Based upon those recommendations, the Team member agrees to work with USAS and USOC staff toward the development of a program focused on improved and sustained elite athletic performance to attain established team goals. The Team member's program is expected to include the following elements, among others:
  - a. Range training;
  - b. Physical conditioning;
  - c. Mental training program and schedule;
  - d. Record fire and training competition schedule;
  - e. Formal competition;
  - f. Education regarding, and periodic testing for, banned and restricted substances.
9. Media, Appearances, Sponsorship and Promotional Activities:
  - a. Team members may contact sponsors of USAS (including their employees, partners, concerned individuals, et al) for the purpose of securing an individual sponsorship outside of the sponsor's agreement with USAS. If an athlete contacts a USAS sponsor regarding individual sponsorship, the athlete should inform the USAS Marketing Department as soon as practical.
  - b. Upon request by USAS, the Team member must agree to appear at and participate in promotional events. However, that athlete shall not be obligated to do so if the Team member or his/her coach(es) believe that such activity would adversely affect the athlete's training and competition performance or the athlete's military commander determines the event is in conflict with military requirements. The Team member agrees to make best efforts to participate in promotional appearances on behalf of USAS. These activities include, but are not limited to, clinics, speaking engagements, and fundraising programs. The Team member shall be provided transportation, lodging, and meals for any such USAS promotional activities. A participant stipend may be provided as determined by USAS and/or the requesting party.

In the event that any USAS sponsor or commercial entity desires to use a Team member's presence or image individually but in a manner which does not constitute an individual endorsement (i.e., usage which is not dependent upon identification of a particular athlete by name), then USAS shall notify the Team

member of such opportunity and he/she shall have the option either to consent to or reject the same. If the Team member consents to such appearance or usage, he/she may receive a fee plus reimbursement of expenses if such opportunity involves an on-location appearance from the sponsor. If the Team member rejects such proposed appearance or usage of his/her image, then USAS shall notify its sponsor accordingly, and may make such opportunity available to another Team member.

- c. Team members may not promote a sponsor or wear or display the name, logo, or other indicia of a third party that is in competition with a USAS sponsor or in a sponsor category, while participating in programs, activities, events, or competitions funded by USAS. Team members may use competitive gear and apparel with manufacturers' marks in accordance with IOC, USOC, and ISSF specifications. Violation of any part of this paragraph during any activity described herein, will be deemed and administrated as a commercial offense.
  - d. The following USA Shooting marks or terminology are legally protected and are not to be used without specific permission; USA Shooting name, logo, and design; USA Shooting Team name, logo, and design; USA Shooting Team Foundation name, logo, and design; US Shooting Team name, logo, and design, and USA Shooting News. This includes the use of and wearing of team uniforms with subject properties at activities where USAS does not have formal representation such as meetings, conventions, and trade shows. The Olympic rings, logo, and use of the word "Olympic" and variations thereof are protected by federal law and USOC filings.
10. Team members may not sell, trade, or give away ammunition, guns, supplies, or equipment provided by USA Shooting or sponsors.
  11. All funded training/travel must be approved in advance by the National Coach or PIC. If an expense is not authorized, it will not be funded or reimbursed.
  12. Submit expense vouchers to the National Coach or PIC within seven (7) days of completing a funded activity. All expense vouchers must be processed through the National Coach or PIC. Untimely submission for reimbursement may not be honored.
  13. Responsibilities related to airline travel:
    - a. USA Shooting will not pay excess baggage charges unless specifically authorized. The PIC will consider luggage requirements and excess baggage in the logistical planning.
    - b. USA Shooting will not pay for baggage insurance. If the Team members elect such coverage, it will be at their expense. Team members should obtain insurance for their shooting equipment.

- c. USA Shooting will pay round trip airfare at the least expensive rate. The Team member will pay any additional costs. Mileage will be reimbursed at the current mileage rate up to the cost of the least expensive airline ticket. Only vehicle drivers/owners will receive mileage reimbursement.
  - d. The National Coach, PIC, or administrative assistant will make all airline reservations and itinerary changes unless specific direction is provided otherwise. The Team member is not authorized to contact the airlines or USAS travel agent directly or to change USAS funded airline tickets. The Team member is responsible for all additional expenses incurred for any schedule changes made by the Team member on self-funded airline tickets. Supported Team members—such as military, or industry-sponsored athletes—will be responsible for making their own reservations and purchasing tickets when funded by the military or supporting organization.
  - e. Team members may not voluntarily relinquish their airline seats when there are scheduled activities and/or time sensitive requirements at the destination.
14. A receipt is required for all expenses other than meals.
15. Any Team member designated to be a rental car driver is responsible for seeing that his/her assigned passengers are at designated training/competition areas on time. Likewise, passengers are responsible to their driver for being prompt and keeping their driver informed of transportation requirements. Parking and traffic tickets or other fines or penalties will not be reimbursed. USA Shooting possesses liability and collision damage insurance for domestic vehicle rentals. A copy of the insurance certificate is available to each renting driver. USA Shooting will not pay for additional rental car insurance for domestic travel. In some cases, foreign travel may require additional insurance, which can be authorized by the PIC. Renters may elect additional coverage at their own expense.
16. Only those people authorized by rental contract and/or the National Coach or PIC may drive rental vehicles.
17. Team members should have a major credit card for emergencies and special situations—such as airline tickets or rental cars—as well as a valid ID (Passport will suffice).
18. Contact the appropriate National Coach regarding training, equipment, planning, selection for travel, competitions or other relevant subjects. Communication is an important part of assisting Team members to achieve their goals.
19. When USAS provides any financial support to a competition, the Team member will compete in the highest classification (i.e. AA class).
20. Team members are also required to attend awards ceremonies as designated by the National Coach or PIC. Exceptions will be approved in advance by the National Coach or

PIC.

21. Charges by hotels, including the Olympic Training Center, for damages, failure to return keys/meal cards and missing property (such as towels or linens), will be assessed to the responsible Team members(s).
22. Team members traveling outside of the U.S. are required to have a U.S. Customs form #4457 listing their rifle, pistol, or shotgun make, model and serial number. This requirement must be completed prior to domestic departure by taking the guns to any U.S. Customs office for verification of serial number and form completion. NOTE: Not every major airport has a U.S. Customs office—confirm the location prior to traveling there.
23. USAS does not typically coordinate participation for family and friends desiring to attend USAS competitions and events.
24. Team members may be requested or required to submit periodic reports of competition and training activities to the National Coach. Failure to submit such reports may jeopardize financial support and participation.
25. For other than emergencies, the staff will not accept collect calls. At the Team member's request, the staff member will gladly make a prompt return call to minimize the team member's expense.
26. All Team members are subject to an 11:00 p.m. curfew at any funded activity. Additional curfews may be established or varied by the National Coach or PIC at any activity.
27. Team members below the age of 16 must be accompanied by a parent or guardian on international events and competitions. Exceptions will be considered case-by-case by the Director of Operations. All minors must submit a medical consent and release form for each international event (available through the National Coaches or PIC).
28. Team members under the age of 21 may not consume alcoholic beverages at any time during a USAS activity. This includes international trips to countries that may have a lower legal drinking age than the US law.
29. Inappropriate, indiscreet, or overindulgent use of alcohol is a Code violation. Use of alcohol in such a manner as to impair or jeopardize the Team member's training program, or competition performance, or which poses a safety hazard to such person, other athletes, or other persons, or while wearing USAS logo clothing, during an award ceremony, during media and/or interview opportunities, or which reflects poorly on the USAS organization, staff, volunteers, spectators or the sport of shooting, is strictly prohibited. Under no circumstances is an athlete or staff member to consume alcohol when in violation of the law or range rules. The PIC will determine any such occasions when the use of alcohol may be appropriate while in USAS logo clothing.

30. The Team member accepts financial responsibility for airline tickets, hotel accommodations, and other expense activity which he/she has agreed to attend, but subsequently does not attend, unless athlete has been formally excused by the National Team Coach, PIC, or Director of Operations. If the Team member fails to appear at the event or make financial restitutions for expenses incurred by USAS, the Team member recognizes he/she can be placed on the B team. To regain active and supported status, the Team member must reimburse the team for the full net amount of the obligation USAS incurred, plus late fees if applicable
  31. Keep all contact information current and respond to requests by USAS staff in a timely manner.
  32. Non-team members, including family and friends attending USAS or ISSF events, are expected to live up to the spirit and intent of this Code of Conduct. Team members are expected to educate family and friends on the Code and strongly encourage compliance. The PIC is authorized to take reasonable action to correct violations directly with the non-participant when the situation dictates, and resort to action through the team member only under appropriate circumstances. Team members are not subject to disciplinary action for the misconduct of family members and non-participants.
  33. Team members are expected to compete in the spirit of fair play and good sportsmanship. False accusations, slanderous remarks, or statements concerning other participants that are inaccurate or untrue are clear violations of this code.
  34. Team members may not willfully aid, abet, or conspire with others to engage in any conduct or actions prohibited in any section of the Code.

## **USA SHOOTING CODE OF CONDUCT**

### **Section IV: Dress Code and Team Uniform Policy**

The Dress Code and Team Uniform policy allows USAS members to present a favorable image to the media and the public. In addition, USAS sponsors, suppliers, and licensees who provide critical support for our organization and athletes deserve the brand exposure and recognition. This policy applies to the NT, NDT, NJT, Junior Olympic Shotgun Team and other Teams that may be established under the auspices of USA Shooting.

#### **A. DRESS CODE**

1. Athletes will participate in the clothing and team uniform evaluation and selection process.
2. Athletes and officials will wear designated USAS team apparel at all official competitions and events, including opening ceremonies, closing ceremonies and award

ceremonies, as appropriate.

3. **Travel Clothing:** While traveling, all clothing must meet the standards of “Business Casual—Relaxed.” See [www.dresscodeguide.com](http://www.dresscodeguide.com) as a guide. As such, slacks, pants, skirts, collared shirts (men) or blouses (collared or non-collared for women), and appropriate footwear must be worn. Low-cut blouses or suggestive attire is not appropriate. Neat or designer jeans are acceptable. T-shirts, tank tops, shorts and flip-flops are prohibited. Wearing USAS and/or logo apparel of sponsors is strongly encouraged. It is NOT permissible to wear clothing/marks representing those companies in direct competition to USAS sponsors while traveling. All clothing must meet the standards under Paragraph 4, Social and Casual Clothing.
4. **Social and Casual Clothing:** When not covered by one of the circumstances described in paragraphs 2 and 3 above, Smart Casual Clothing ([www.dresscodeguide.com](http://www.dresscodeguide.com)) of the individual’s choice may be worn provided it conforms to the following:
  - a. Must present a neat and clean appearance at all times.
  - b. No pictures or graphics of any sexual or offensive nature.
  - c. No words or phrases, which include offensive language or political statements.
  - d. Clothing that is torn, frayed, has holes, or is excessively faded is not appropriate.
  - e. Footwear must be worn (no bare feet) as appropriate.
  - f. If shorts are worn, the inseam length must not be less than 15 cm (six inches) above the center of the knee.
  - g. The Athlete’s clothing should be long enough to completely cover the participant’s abdomen.
  - h. Athletes must use good judgment for attire in all circumstances not covered here, such as during athletic or recreational activities, social gatherings, private events, and so forth.
  - i. Repair and cleanliness provisions apply to ALL clothing on ALL occasions.
5. When participating in USAS activities or any ISSF competition, only names, logos, or marks of current USAS and/or authorized sponsors, as approved by USAS, may be displayed.

## **B. TEAM UNIFORM POLICY**

One of the strengths of USA Shooting is its focus on team unity. An important element of that focus is the team uniform. This policy ensures the USA Shooting team members will comply with the ISSF directives on athlete apparel, as well as USA Shooting’s objectives for the uniform.

1. USA Shooting Uniform Objectives:
  - Present a distinctive, patriotic, fashionable, and uniform appearance for our athletes.
  - Provide a durable-yet-affordable design that can extend through the 2016 quadrennial.
  - Provide consistency across disciplines to maintain a strong reinforcement of team identity.
  - Set up our athletes to portray the desired image both on the field of play and on the podium.
  - Accommodate the athletes in their performance on the field of play; i.e., provide a uniform that does not hinder the athletes in their individual shooting techniques, and is suitable under varying conditions.
  - Shape the culture that reflects professionalism, team unity, discipline, and excellence.
2. Ceremonies Attire: The uniform for all Opening and Closing ceremonies and for all award ceremonies is the USAS Award uniform described below, or as determined by the PIC. This uniform must be worn by Team members any time they receive a shooting award at a USAS or ISSF event. The Team Member is responsible for having this uniform on hand at every USAS event. The National Coach or PIC may make exceptions to ceremony attire as appropriate.
3. All other official USAS activities: The PIC will designate the uniform for official functions such as banquets, media events, photo shoots, trade shows, sponsor activities and any other official activities. Participants who are not NT/NDT/NJT members but are participating with the U.S. Team are required to wear clothing prescribed by the PIC. Participants will be advised in advance of the activity of the appropriate attire.
4. The team uniforms for members of the National Team, National Development Team, and National Junior Team are as follows:

**AWARD UNIFORM is the Jammin™ athletic suit:**

- Jammin jacket with appropriate logo for Rifle/Pistol (Eley) or Shotgun (Winchester).
- Jammin pants.

**COMPETITION UNIFORM:**

- USA Shooting polo shirt or T-Shirt with USAS marking. Colors: Red, white, or blue (any shade).
- Navy blue or black long pants, capris, athletic pants or shorts, OR the Jammin pants. Note: For domestic competitions, pants other than navy blue or black are permitted, but must conform to all other USAS and ISSF dress code requirements.
- Headgear: USA Shooting Baseball-style hats or visors are permitted but not required. Headbands with eye patches are permitted. Hats must feature team colors: Red, white, or blue (navy or light), with a USA Shooting logo on the front. Headgear and sponsor markings must comply with ISSF standards.

- Appropriate footwear. Athletic shoes or specially designed shooting shoes are permitted in all events.

### **TRAINING UNIFORM:**

- During training days only, athletes may wear attire that is consistent with the look and style of the official uniform, but the official uniform is not required. For example, athletes may wear pants of a color other than navy blue or black, and a shirt of a color other than the official uniform. Athletes should strive to comply with the intent of the ISSF and USAS uniform standards.

## 5. UNIFORM GUIDANCE FOR INTERNATIONAL COMPETITION

- **On the podium for all athletes:**
  - USA Shooting-issued awards suit, including Jammin™ jacket and pants.
  - The jacket alone is not adequate; athletes must wear both jacket and pants.
  - Zip the jacket to the bottom of the logo.
  - White athletic shoes are preferred, though not required.
  - No headgear or sunglasses are permitted on the podium.
  - No additional outerwear should be worn with the awards suit.
- **On the field of play during competition:**
  - Wear the designated Competition uniform (above). Uniform items issued for specific events (such as Pan American or Olympic games) may be worn in lieu of the designated competition uniform, or as directed by the Team Leader, National Coach, or Director of Operations, as long as the attire complies with ISSF requirements.
  - Rifle: May wear the Jammin pants in the prone position if desired, though not required.
- **On the field of play during training:**
  - Wear the designated Training uniform or Competition uniform as outlined above.

## 6. UNIFORM GUIDANCE FOR DOMESTIC COMPETITION

In domestic events, this uniform policy applies only to National Team, National Development Team, and National Junior team members. Competitors who are not on a USA Shooting team are required to adhere to the guidance for attire contained in Section I, Paragraph E (Dress Code for Training and Performance), but are not required to abide by this USA Shooting Team Uniform Policy.

- **On the podium** for members of the National, Development, and Junior Team:
  - Athletes who own the USA Shooting-issued awards suit must wear the complete suit as outlined above.
  - **HOT WEATHER OPTION:** At the discretion of the National Coach, athletes may wear the awards suit jacket, and may also wear the navy blue or black shorts or pants in lieu of the award suit pants.
  - No headgear or sunglasses are permitted on the podium.

- **On the field of play during training and competition:**
  - Domestic uniform requirements do not include navy blue or black shorts or pants. However, Team members are strongly encouraged to wear USA Shooting shirts and headgear as described above.

## **7. SPECIFIC GUIDANCE ON UNIFORM WEAR**

The following specific guidance clarifies wear of the uniform for USA Shooting team members:

- Variations from this uniform standard must be approved by the USAS Director of Operations or Executive Director/CEO. Variations for Paralympic athletes are authorized by the National Paralympic Coach.
- All uniform items must be in good repair; i.e., no holes or frays, colors not faded, etc.
- The team pants are navy blue or black shorts or capris, or navy blue long pants, or athletic pants. Per ISSF regulations, jeans are NOT allowed. While there is no “standard” design, the styles below provide a good guide:
  - For men: The Dockers brand, “D3” style in navy blue or black. Style #40851.
  - For women: The Dockers brand, “Regular Fit” in navy blue or black. Style #25102.

Check <http://us.dockers.com> for pictures and details (and pictures below). Slight variations in brand and design are authorized. For example, allowable variations include flat front or pleated, cuffed or straight leg, straight or slanted pockets, Capri style for women, etc. Black or blue belts are encouraged but not required. If athletes choose to wear shorts, the shorts must comply with ISSF length standards. CARGO POCKETS, expandable with a flap or snap/button, are not permitted. Patch pockets, a flat pocket sewn to the outside of a garment is permitted.

- USA Shooting team members who do not abide by this standard are in violation of the Code of Conduct and subject to penalties for uniform infractions.

## **8. AVOID THESE FEATURES:**

- Do not wear denim items, or material that looks like denim.
- Tan or khaki-colored shorts or pants are not permitted.
- Avoid double-stitched designs that might look like jeans.
- Do not wear pants or shorts with cargo pockets. Cargo pockets are not permitted.
- Do not wear clothing that is threadbare, worn, in bad repair, or that does not look like athletic apparel or that does not resemble our federation’s official uniform.

## **USA SHOOTING CODE OF CONDUCT**

### **Section IV: TEAM MEMBER AGREEMENT**

#### **A. GENERAL**

1. This Team Member Agreement applies to members of the USA Shooting Teams, including the National Team (NT), National Development Team (NDT), or National Junior Team (NJT), and concerns sponsorship, support, and incentives.

By checking the “ACCEPT” statement at the end of this document, signing and dating, without alteration, the Team member acknowledges he or she has read, understood, and will comply with this Agreement. Team members who check the “DECLINE” statement, must still sign and date the agreement. Team members who decline the provisions of this Agreement will retain eligibility on the Team and are still eligible for Basic Services (see Paragraph 4a, below), but may receive reduced funding and sponsor product. Team members who decline ARE NOT ELIGIBLE FOR USAS TEAM MEMBER INCENTIVES, but will still be eligible for USOC Direct Athlete Support. Athletes who decline this Agreement must still sign and comply with the Code of Conduct.

2. Team members’ participation in USAS programs is entirely voluntary, but implies responsibility. In order to protect the organizational, operational, and financial integrity of USAS and its programs, including its obligations as an NGB, we must govern the receipt of benefits and requirements for athlete participation. Nothing in this Agreement is intended to create an employer/employee relationship between USAS and the Team member; nevertheless, there is a clear obligation between both parties to honor all aspects of this policy.

#### **B. TERM OF AGREEMENT**

1. Team members may update this Agreement at any time for any reason by notifying USAS Director of Operations, checking the appropriate statement, signing and dating. The Team member has a responsibility to remain current with this document, especially regarding sponsorship. A list of sponsors and supporting partners is available on the USA Shooting website at the “Sponsors” link at: <http://usashooting.org/sponsorsMain.php>.
2. This Agreement expires on December 31, 2012. (NOTE: The Code of Conduct does NOT expire, but may be updated periodically.)

#### **C. USA SHOOTING AND TEAM MEMBER RESPONSIBILITIES**

1. I agree that while a member of the National Team, National Development, or National Junior Team, I will pursue a training program designed to improve and maximize my performance level, abide by the Code of Conduct, and support USA Shooting’s efforts to strengthen its organizational and athlete programs.

2. I understand that by accepting this Agreement, I acknowledge an on-going responsibility to USAS and its sponsors. Under the provisions of the USAS Code of Conduct, Section I, Paragraph E(2), I am obligated to be familiar with all USAS sponsors. I agree that if I have an agreement for sponsorship, licensing, advertisement or promotion with an entity (“My Sponsor”) that is in competition with a USAS sponsor, I will not, while directly engaged in any competition, event, or activity as a funded member of the National Team, National Development Team, or National Junior Team, promote the products or services of My Sponsor.
3. USA Shooting may provide athletes with sponsor and/or team-provided product(s), including ammunition. Using such products is important for developing and honoring corporate sponsorships. Acceptance of such product(s) indicates a willingness to use these products. Team members are required to use non-Performance Equipment sponsor products at training and/or competitions as designated by the USAS staff. Team members may decline to accept performance equipment and/or product(s) with the full understanding that USAS will not provide alternate products, store, ship, or in any way assist in procuring products on behalf of the Team member who competes with USAS and/or USOC sponsors. Team members are prohibited from speaking negatively and should speak positively regarding sponsors products.
4. USA Shooting will provide Team members with “Basic Services” listed below.
  - a. Basic services:
    - 1) Coaching assistance from the Team staff.
    - 2) A limited ammunition allocation, depending on availability of funding, sponsorship support, and athlete performance level.
    - 3) Financial support to team training and competitions, which may include reimbursement for meals, lodging, travel, fees, and other authorized expenses. Not all activities may be subsidized 100%. Financial support is determined by program needs, performance levels, and budget.
    - 4) USOC Performance Pool funded programs and USOC Athlete Support where eligible.

In addition, the following support benefits may be provided to Team members accepting this Agreement. (The extent of the support is dependent upon several factors including budget, time, sponsor support, staffing, and performance levels of the Athlete.):

- b. Use of products provided by sponsors
- c. USAS athlete incentive and/or reward programs may be provided.

#### **D. ATHLETE INCENTIVES**

The athlete incentive program is designed to reward shooting performance and encourages the use of key sponsor products. Any incentives offered will be established by USAS and will be dependent upon the nature and value of the related sponsor. Any incentive program will be implemented at the discretion of USAS and/or relevant sponsors. Incentives—monetary or

product—will be based on the total contribution of the sponsorships.

#### **E. HEADINGS**

The titles and paragraph headings contained herein are for convenient reference only. They shall not be used in any way to govern, limit, modify or construe this Agreement and shall not be given any legal effect.

#### **F. CONFIDENTIALITY**

1. Team members must keep the terms and conditions of this Agreement strictly confidential and not to divulge or disclose any of the terms and conditions to any third party (except USOC) other than legal counsel.
2. Parent(s) or guardian(s) of any athlete who is younger than 18 years of age on the date this Agreement is signed, shall have the right to review this Agreement, but such parties shall also be subject to this confidentiality provision.

#### **H. WAIVER**

The failure of either party at any time to demand strict compliance by the other party with regard to any of these terms, covenants, or conditions of this Agreement shall not be construed as a continuing waiver or relinquishment of any rights granted by this Agreement.

#### **I. SEVERABILITY**

If a provision of this Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

1. The validity or enforceability in that jurisdiction of any other provision of this Agreement; or
2. The validity or enforceability in other jurisdictions of that or any other provision of this Agreement.

#### **J. ENTIRE AGREEMENT**

This Agreement and any exhibits or addenda referred to herein, including the USAS Code of Conduct, embodies the complete agreement and understanding between the parties with respect to the subject matter hereof.

#### **K. GOVERNING LAW**

This Agreement has been entered into in the State of Colorado and all questions with respect to the construction of this Agreement and the rights and liabilities of the parties shall be governed by and construed in accordance with the laws of the State of Colorado. Any disagreements that arise with respect to this Agreement must be addressed under the Grievance procedures outlined in the USAS Bylaws and USAS Policies and Procedures, Section X.
