Jr World Championship Entry Instructions and Selection Procedures

What is the selection match for?

The 2017 National Junior Olympics will also be the selection match for the 2017 Jr World Championships taking place in Suhl, Germany. Using the selection procedures outlined below we will be selecting a team of Junior Competitors to represent USA Shooting at this year's Jr. World Championships.

When is the Selection Match Taking Place?

The selection process will take place during the National Junior Olympics and will use the same finals already in place for the National Junior Olympic to determine Selection. The only exception to this is for Pistol where we have added a Women's Sport Pistol Selection Relay as well as the Men's Rapid Fire event. (Please Note: The second Women's Sport Relay and all Rapid Fire will not be included with the National Junior Olympic Entry. You must sign up for these separately.)

Where is the selection taking place?

USA Shooting National Training Complex
1 Olympic Plaza
Colorado Springs, CO 80909

How do I enter into the selection match?

For the rifle events all National Junior Olympic Invitees will be automatically eligible for the selection match. The selection match will be the same as your National Junior Olympic Match and the final results will count for both.

On the Pistol side there will be a separate Women's Sport Pistol Selection Relay as well as two additional days at the end of the match for men's Rapid Fire event. The Sport Pistol Selection will be open to anyone invited to compete in Sport Pistol at the National Junior Olympics while the Men's Rapid Fire Selection will be open to anyone who is invited to the National Junior Olympics in either Men's Air Pistol or Men's Sport Pistol.

Entry for the Pistol events will be an additional \$50.00. With your invitation letter you will also be notified of the option to also compete in these selection matches. If you wish to do so please indicate in your RSVP that you will be competing in the both the National Junior Olympics as well as selection match.

Why should my son or daughter enter into this selection match?

The ISSF Jr World Championships in Suhl, Germany is one of the premier events that a junior shooting competitor can compete in across the entire world. This match will provide the unique opportunity to travel and compete in another country with the best junior competitors in the world. An unforgettable experience and opportunity for personal growth awaits those who are lucky enough to qualify or be selected to compete in this World Championship
