USA SHOOTING
ATHLETE SELECTION PROCEDURES
2020 Tokyo Olympic Games
Shotgun
November 28, 2018 May 6, 2019
October 25, 2019

1. SELECTION SYSTEM

1.1. Provide the minimum eligibility requirements for an athlete to be considered for selection to the Team:

1.1.1. Nationality/Passport requirements:

Athlete must be a national of the United States at the time of selection.

Athlete must hold a valid U.S. passport that will not expire for six months after the conclusion of the Games.

1.1.2. Minimum International Olympic Committee (IOC) standards for participation:

Any competitor in the Olympic, Paralympic, Pan American or Para Pan American Games must be a national of the country of the National Olympic Committee (NOC) or National Paralympic Committee (NPC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the Olympic Charter (Rule 41), the IPC Handbook (Section 2, Chapter 3.1), or the PASO Statutes (Article XXII, Sections 4 and 5).

1.1.3. Minimum International Federation (IF) standards for participation:

All athletes must comply with the provisions of the Olympic Charter currently in force, including but not limited to, Rule 41 (Nationality of Competitors). Only those athletes who have complied with the Olympic Charter may participate in the Olympic Games.

Additional IF Requirements:

To be eligible to participate in one (1) or more events in Shooting at the Olympic Games Tokyo 2020, all athletes must have achieved a Minimum Qualification Score (MQS) in one (1) or more event(s) designated Qualifying Competitions. Athletes must attain an MQS between July 24, 2018 and April 30 May 31, 2020 at eligible competitions.

An MQS can only be achieved in elimination or qualification rounds of Olympic events in World Championships, World Cups, World Cup Finals, Continental Championships, Continental Games or special designated Qualifying Competitions.

The list of Qualifying Competitions is published in the ISSF Calendar on the ISSF website [http://www.issf-sports.org/calendar.ashx]. https://www.issf-sports.org/

1.1.4. Other requirements:
• Athletes must have successfully completed all Games Registration requirements by stated deadline.
• Athletes must be a member in good standing of USA Shooting.

1.2. Tryout Events:

1.2.1. Provide the event names, dates and locations of all trials, events and camps to be used as part of the selection process:

**Shotgun (Individual):**

Olympic Trials and Super Final
• Olympic Trials Part 1 – Fall Selection Match 2019 (TBD with ISSF Calendar publication, September 7 – 21, 2019, Kerrville, TX);
• Olympic Trials Part 2 – Spring Selection Match 2020 (TBD with ISSF Calendar publication, February 25 – March 8, 2020, Tucson, AZ);
• Super Final

**Shotgun Mixed Team:**

Olympic Trials and Super Final
• Olympic Trials Part 1 – 2019 Fall Selection Mixed Team Match (TBD with ISSF Calendar publication, September 7 – 21, 2019, Kerrville, TX)
• Olympic Trials Part 2 – 2020 Spring Selection Mixed Team Match (TBD with ISSF Calendar publication, February 25 – March 8, 2020, Tucson, AZ); and
• Super Final

1.2.2. Provide event names, dates, locations and description of how athletes qualify for the trials, events and camps listed above in 1.2.1. (if any).

Olympic Trials (Olympic Trials Part 1 & Olympic Trials Part 2) are open to any U.S. Citizen member in good standing of USA Shooting. Competitors must enter the competitions as directed in a timely manner in the Competitions Program. No preliminary tryouts are scheduled or projected at this time.

1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process (include maximum Team size).

1.3.1. **Shotgun Country Quota Places (Individual)**

**Maximum Team Size**
The maximum Shotgun team size for the 2020 Olympic Games is 8 individuals. This includes 4 men and 4 women, with a maximum of 2 athletes per event. With regard to Mixed Teams, NOCs may enter a maximum of 2 teams (2 male and 2 female) in each Mixed Team event by using double starters as outlined in Attachment A – ISSF Qualification System.
**Competition Quota Places**
Per the ISSF Qualification System, Olympic quota places may be obtained at the following competitions:
- 2018 World Championships
- 2018 Championship of the Americas
- 2019 World Cup(s)
- 2019 Pan American Games

*If additional competitions where Country Quotas can be earned are added to the ISSF calendar and/or the dates or locations of the competitions above are changed, these procedures will be amended to reflect those changes.

A quota place can only be obtained if the result (achieved by the individual in the qualifying competition where the quota placed) is obtained is equal to or higher than the MQS for that event.

For more information on Team Selection for 2018 World Championships, 2018 Championship of the Americas, 2019 World Cup(s) and 2019 Pan American Games, please visit [http://www.usashooting.org/11-resources/policiesandprocedures](http://www.usashooting.org/11-resources/policiesandprocedures)

**World Ranking Quota Places**
Additionally, after the qualification period ends and all member federations/NOCs receive the official List of Quota Places, the ISSF will check each individual Olympic Event World Ranking List (on 30 April 2020) in the order of the events listed in the Qualification System distribution table (Attachment A - ISSF Qualification System). The highest ranked athlete not yet qualified in any event and provided that the athlete’s NOC does not have a quota place in that specific event, then the athlete will obtain one (1) quota place. These quota places are allocated to the athletes by name.

**Shotgun Olympic Trials Scoring & Quota Place Allocation (Individual)**

Country Quota places will be allocated to athletes based on their aggregate performance at the following events:

- Olympic Trials Part 1 Score + Olympic Trials Part 2 Score = Pre-Super Final Score / Ranking*

  *Top 6 athletes from the Pre-Super Final Ranking will compete in a Super Final immediately following Olympic Trials Part 2.

- Pre-Super Final Score + Super Final Score = Final Score & Ranking List

The scoring at Olympic Trials will consist of the following:

- Olympic Trials Part 1 – 2019 Fall Selection Match
  - 2-courses of fire + Finals Points = Part 1 Total
- Olympic Trials Part 2 – 2020 Spring Selection Match
  - Part 1 Total + 2-courses of fire = Part 2 Total
- Super Final
Super final participants will shoot the full course of fire finals with no eliminations. The total target count at the end of the finals will be the competitor’s Super Final Score.
  - Trap = 50 Single Barrell Targets
  - Skeet = 30 Pairs in Current Finals Format

**Finals Points (FP) Scoring**

- 1st place in final = 3 Finals Points
- 2nd place in final = 2 Finals Points
- 3rd place in final = 1 Finals Points

**Ties** (among athletes ranked 1st through 4th place):
In the event of a tie, a full round shoot-off (25 targets) will be fired between the tied individuals to break the tie.

**Ranking List**
Final Scores and Tie outcomes (if applicable) will be used to create a ranking list (highest scoring athlete to lowest scoring athlete).

**Quota Place Allocation**
Upon the conclusion of the Super Final, the highest ranked individual athlete, per event, will be allocated a quota place that was previously obtained at the 2018 World Championships, the 2018 Championships of the Americas, 2019 World Cups or the 2019 Pan American Games and will be nominated and selected to the 2020 Olympic Team. If two quotas are available, then the second highest ranked individual athlete will receive the second quota.

**1.3.2. Shotgun Country Quota Place and Additional Entries (Mixed Team) (if applicable)**

Per the ISSF Qualification System, Mixed Team event quota places are obtained by each NOC (National Olympic Committee – USA Shooting). An NOC may obtain a maximum of one (1) quota place per Mixed Team event at the 2018 World Championships in Changwon, South Korea.

In addition, per the ISSF Qualification System, if an NOC obtains a mixed team quota at the 2018 World Championships, the NOC may also enter one (1) additional mixed team into the mixed team competition.

If an NOC does not obtain a mixed team quota at the 2018 World Championships, but there are two men and two women individual trap entries, the NOC may enter two (2) mixed teams into the mixed team competition using the pool of individual athletes already selected and nominated to the Olympic team (double starters) who meet the required MQS.
  - Double starters are athlete who have an athlete accreditation and who are entered by their NOC in a specific event where their NOC has obtained a quota place and where the athlete has achieved the required MQS, and who are also entered in another event where the athlete also has the required MQS.

**Shotgun Mixed Team Quota Place and Additional Entries Allocation (as applicable)**
**Shotgun Mixed Trap Team**

If the Shotgun Mixed Team quota is earned at the 2018 World Championships, then the highest ranked Trap Male and the highest ranked Trap Female from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals), will be allocated the Shotgun Mixed Team quota and will be nominated and selected to the Olympic Team (if applicable).

If the Shotgun Mixed Team quota at the 2018 World Championships is not earned by the NOC and provided there is one Male and one Female Individual Trap entry at the Tokyo 2020 Olympics, the highest ranked Trap Male individual entry and the highest ranked Trap Female individual entry from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals) will be allocated the first Shotgun Mixed Team Additional Entry. For this scenario an example of the mixed team composition is provided below:

**Trap Mixed Team 1**
Men’s Trap Olympic Trials #1 Ranking List Athlete + Women’s Trap Olympic Trials #1 Ranking List Athlete

Provided there are two Male and two Female Individual Trap entries at the Tokyo 2020 Olympics, the second highest ranked Trap Male individual entry and the second highest ranked Trap Female individual entry from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals) will be allocated the second Shotgun Mixed Team Additional Entry. For this purpose a scenario is provided below:

**Trap Mixed Team 1**
Men’s Trap Olympic Trials #1 Ranking List Athlete + Women’s Trap Olympic Trials #1 Ranking List Athlete

**Trap Mixed Team 2**
Men’s Trap Olympic Trials #2 Ranking List Athlete + Women’s Trap Olympic Trials #2 Ranking List Athlete

If there are an unequal amount of individual Trap Quota’s earned, i.e. 1 male and 2 female or 2 male and 1 female, and a second Mixed Team entry is allowable (per ISSF), the open spot will be determined by the highest individual Trap MQS score from those nominated as individual shotgun athletes to the Olympic Games. For example, if there are two female Trap Quota’s earned and 1 male Trap Quota, the second male team member would be selected by choosing the male athlete with the highest Trap MQS score of those males nominated to the Olympic Games in an individual shotgun event. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countback, will receive the spot. A breakdown of this scenario has been provided below:

**Trap Mixed Team 1**
Men’s Trap Olympic Trials #1 Ranking List Athlete + Women’s Trap Olympic Trials #1 Ranking List Athlete

**Trap Mixed Team 2 – with unequal amount of individual Trap quotas earned** (for example, 1 male and 2 female individual trap entries).
Men’s Trap Highest MQS Scoring Athlete of those already with an Olympic Nomination in individual Trap or Skeet + Women’s Trap Olympic Trials #2 Ranking List Athlete

Trap Mixed Team 2 – with unequal amount of individual Trap quotas earned (for example, 2 male and 1 female individual trap entries).
Men’s Trap Olympic Trials #2 Ranking List Athlete + Women’s Trap Highest MQS Scoring Athlete of those already with an Olympic Nomination in individual Trap or Skeet.

*Athletes must have achieved a Trap MQS in order to be eligible for Mixed Team quota place.

2. **DISCRETIONARY SELECTION** (if applicable)

2.1. Provide rationale for utilizing discretionary selection (if any):

No discretionary selection will be utilized.

2.2. List the discretionary criteria and explain how they will be used (if any):

No discretionary selection will be utilized.

3. **REMOVAL OF ATHLETES**

3.1. Prior to entry by name to the Local Organizing Committee by the USOC, the NGB/HPMO has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by the NGB/HPMO may be removed for any of the following reasons, as determined by the NGB/HPMO:

3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the NGB/HPMO CEO/Executive Director.

3.1.2. Injury or illness as certified by a physician (or medical staff) approved by the NGB/HPMO. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by the NGB/HPMO, his/her injury will be assumed to be disabling and he/she may be removed.

3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.

Any athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USA Shooting Bylaw’s, Article 5 and the USOC’s Bylaws, Section 9.

3.2. Once athlete entries have been submitted to the Local Organizing Committee by the USOC, the USOC has jurisdiction over the Team, at which time, in addition to any applicable NGB/HPMO
Code of Conduct, the USOC’s Code of Conduct and Grievance Procedures apply. The USOC’s Code of Conduct and Grievance Procedures can be found at:
http://www.teamusa.org/Athlete-Resources/Athlete-Ombudsman/Resources/Code-of-Conduct
http://www.teamusa.org/Footer/Legal/Governance-Documents

3.3. An athlete may be removed as a nominee to the Team or from the Team for an adjudicated violation of IOC, PASO, IPC, WADA, IF, USADA and/or USOC anti-doping protocol, policies and procedures, as applicable.

4. REPLACEMENT OF ATHLETES

4.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

4.1.1. Prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

Olympic Trials
If an athlete who earned a quota place through the Olympic Trials must be replaced, the quota place will be allocated to the next highest ranked individual athlete in that discipline from the Olympic Trials ranking list.

Mixed Team
If an athlete who earned a quota place on the Mixed Team through the Olympic Trials for the World Championship Quota place must be replaced, the next highest ranked individual athlete, male or female (as applicable), from the Trap Olympic Trials ranking list will be allocated the quota place.

If an individual trap athlete must withdrawal and they were a part of the Mixed Team Event, the highest Trap MQS competitor (male or female, as applicable) already nominated to the Olympic Team will be allocated the Mixed Team Quota Place in the withdrawn athletes’ place. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countback, will receive the spot. In the scenario that a member of Mixed Team 1 was to not be able to compete, the teams would stay the same and the Mixed Team 2 member would not move up in their place. For example:

**Trap Mixed Team 1 – if the male competitor was not able to compete**
Men’s Trap Highest MQS competitor already with an Olympic Nomination in Trap or Skeet + Women’s Trap Olympic Trials #1 Ranking List Athlete

**Trap Mixed Team 2**
Men’s Trap Olympic Trials #2 Ranking List Athlete + Women’s Trap Olympic Trials #2 Ranking List Athlete
4.1.2. After submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

**Olympic Trials**  
If an athlete who earned a quota place through the Olympic Trials must be replaced, the quota place will be allocated to the next highest ranked individual athlete in that discipline who is already nominated to the Olympic Games.

**Mixed Team**  
If an athlete who earned a quota place on the Mixed Team through the Olympic Trials for the World Championship Quota place must be replaced, the highest Trap MQS competitor already nominated to the Olympic Team will be allocated the Mixed Team Quota Place in the withdrawn athletes’ place. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countdown, will receive the spot.

If an individual trap athlete must withdrawal and they were a part of the Mixed Team Event, the highest Trap MQS competitor already nominated to the Olympic Team will be allocated the Mixed Team Quota Place in the withdrawn athletes’ place. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countdown, will receive the spot. In the scenario that a member of Mixed Team 1 was to not be able to compete, the teams would stay the same and the Mixed Team 2 member would not move up in their place. For example:

**Trap Mixed Team 1 – if the male competitor was not able to compete**  
Men’s Trap Highest MQS competitor already with an Olympic Nomination in Trap or Skeet + Women’s Trap Olympic Trials #1 Ranking List

**Trap Mixed Team 2**  
Men’s Trap Olympic Trials #2 Ranking List Athlete + Women’s Trap Olympic Trials #2 Ranking List Athlete

4.1.3. At the Olympic Games:

**Olympic Trials**  
If an athlete who earned a quota place through the Olympic Trials must be replaced, the quota place will be allocated to the next highest ranked individual athlete in that discipline from the Olympic Trials ranking list who is already in attendance at the Olympic Games.

**Mixed Team**  
If an athlete who earned a quota place on the Mixed Team through the Olympic Trials for the World Championship Quota place must be replaced, the next highest ranked individual athlete, male or female (as applicable), from the Trap Olympic Trials ranking list will be allocated the quota place.

If an athlete on a Mixed Team Additional Entry must be replaced, the highest Trap MQS competitor already in attendance at the Olympic Games will be allocated the Mixed Team Quota Place in the withdrawn athlete’s place. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countdown, will receive the spot. In the scenario that a member of Mixed Team 1 was to not be able to compete, the teams would stay the same and
the Mixed Team 2 member would not move up in their place. For example:

**Trap Mixed Team 1 – if the male competitor was not able to compete**
Men’s Trap Highest MQS competitor already with an Olympic Nomination in Trap or Skeet + Women’s Trap Olympic Trials #1 Ranking List Athlete

**Trap Mixed Team 2**
Men’s Trap Olympic Trials #2 Ranking List Athlete + Women’s Trap Olympic Trials #2 Ranking List Athlete

5. **SUPPORTING DOCUMENTS**

USA Shooting will retain the approved Selection Procedures and all supporting documents, including scouting or evaluation forms, etc., and data from the selection process for six months past the date of the Closing Ceremony of the Games.

6. **REQUIRED DOCUMENTS**

In addition to the USOC Code of Conduct, the following documents are required to be signed by an athlete as a condition of nomination to the Olympic, Paralympic, Pan American or Parapan American Games and are included as attachments: USA Shooting Code of Conduct. (http://www.usashooting.org/library/Policies_and_Procedures/Updates_12013/IA - Athlete Code of Conduct Agreement 1-14-13.pdf)

7. **PUBLICITY/DISTRIBUTION OF PROCEDURES**

The USOC approved Selection Procedures (complete and unaltered) will be posted/published by USA Shooting in the following locations:

7.1. USA Shooting Web site: www.usashooting.org

These procedures will be posted as soon as possible, but not more than five business days following notice of approval by the USOC. They will be posted under the “resources” ----- “Policies and Procedures” tab.

8. **DATE OF NOMINATION**

The Nomination of Athletes form, including replacements, will be announced to all athletes and submitted to the USOC on or before:

June 5, 2020

9. **MANDATORY TRAINING AND/OR COMPETITION**

Athlete training plans will be finalized after selections are known and per event to maximize performance potential.

10. **ANTI-DOPING REQUIREMENTS**

Athletes must adhere to all IOC, IPC, PASO, WADA, IF, USADA and USOC anti-doping protocols, policies and procedures, as applicable. This includes participation in Out-of-Competition Testing as required by the IOC, IPC, PASO, WADA, IF, USADA and USOC Rules, as applicable.
11. DEVELOPMENT OF SELECTION PROCEDURES
The following committee/group (include names and titles) was responsible for creating these Selection Procedures:

Keith Enlow – USA Shooting CEO
Pete Carson – USA Shooting Director of Operations
Alex Szablewski – USA Shooting Senior Manager of High Performance
Keith Sanderson – USA Shooting AAC Representative
Jay Waldron – USA Shooting Shotgun Coach

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

12. NGB/HPMO BYLAWS AND GRIEVANCE PROCEDURES

The USA Shooting Bylaws and Grievance Procedures can be found at: www.usashooting.org

13. INTERNATIONAL DISCLAIMER

These procedures are based on IOC, IPC, PASO, as applicable, and/or ISSF rules and regulations as presently known and understood. Any change in the selection procedures caused by a change in IOC, IPC, PASO, as applicable, and/or ISSF rules and regulations will be distributed to the affected athletes immediately. The selection criteria are based on the latest information available to USA Shooting. However, the selections are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

If any force of nature, or force majeure, should cause the alteration or cancellation of any of the selection events listed in this document, these selection procedures will be revised, pursuant to their resubmission to the USOC.

14. ATHLETE OMBUDSMAN

Athletes who have questions regarding their opportunity to compete that are not answered by USA Shooting may contact the USOC Athlete Ombudsman, Kacie Wallace, by:
- Telephone at (719) 866-5000
- Email at kacie@usathlete.org
- http://www.teamusa.org/Athlete-Resources/Athlete-Ombudsman

15. NGB/HPMO SIGNATURES

I certify that I have read and understand the standards/criteria set by our IF and/or CF (PAG/PPAG only) and incorporated those standards/criteria into our Selection Procedures. I further certify that
the information provided herein regarding Athlete Selection Procedures represents the method approved by USA Shooting.

<tr>
<td>Total</td>
<td>30</td>
</tr>
</tbody>
</table>

3. Type of Allocation of Quota Places:

The quota place is allocated to the NOC, except that Quota Places obtained from the World Ranking will be awarded to individual athletes and may not be changed by the NOC.
C. ATHLETE ELIGIBILITY

All athletes must comply with the provisions of the Olympic Charter currently in force, including but not limited to, Rule 41 (Nationality of Competitors) and Rule 43 (World Anti-Doping Code and the Olympic Movement Code on the Prevention of Manipulation of Competitions). Only those athletes who comply with the Olympic Charter may participate in the Olympic Games Tokyo 2020.

Additional IF Eligibility Criteria:

To be eligible to participate in one (1) or more events in Shooting at the Olympic Games Tokyo 2020, athletes must have achieved a Minimum Qualification Score (MQS) in designated Qualifying Competitions for each event in which they are entered.

An MQS can only be achieved in elimination or qualification rounds of Olympic events in World Championships, World Cups, World Cup Finals, Continental Championships, Continental Games or special designated Qualifying Competitions that take place between 24 July 2018 and 31 May 2020. The list of Qualifying Competitions is published in the ISSF Calendar on the ISSF website [http://www.issf-sports.org/calendar.aspx].

Required Minimum Qualification Scores (MQS) are:

</tr>
</tbody>
</table>

Each athlete who is entered as a team member in a Mixed Team event must have obtained an MQS in the corresponding individual event.
D. QUALIFICATION PATHWAY

QUALIFICATION PLACES

Qualification Procedure:

Quota places can be obtained in designated ISSF Championships that are conducted according to ISSF Rules [http://www.issf-sports.org/theissf/rules.ashx] and take place between 1 September 2018 and 31 May 2020. Quota places can be obtained at the following Championships:

- ISSF World Championship 2018 in Changwon, KOR
- ISSF World Cups 2019
- Designated Continental Championships or Games 2018, 2019 & 2020

Mixed Team event quotas can only be obtained in the 2018 World Championships Changwon where a maximum of two (2) teams per NOC may be entered in each Mixed Team event and where a maximum of one (1) quota per NOC may be earned in each Mixed Team event.

A quota place can only be obtained if the result achieved by the athlete or Mixed Team in the qualifying competition where the quota is obtained is equal to or higher than the MQS for that event.

One (1) athlete can obtain only one (1) quota place for his/her NOC, except that Mixed Team event quotas are obtained by the NOC and the athletes who are members of those teams are still eligible to obtain quota places in individual events.

If a quota place in an individual event is achieved by an athlete who has already obtained a quota place in any other individual event, the quota place must be granted to the next highest placed athlete in that event. The same rule applies when the NOC of an athlete has already obtained the maximum number of quota places in that event.

The ISSF Executive Committee will determine the locations of international competitions that are designated as Qualifying Competitions and these will be published on the ISSF website [http://www.issf-sports.org/calendar.ashx].

For all Qualifying Competitions, applicable ISSF Technical Rules (latest English version) will govern the competition.

Ties for quota places will be broken in accordance with applicable tie-breaking rules in the most recent edition of the 2017-2020 ISSF Technical Rules English Version [http://www.issf-sports.org/theissf/rules.ashx].

For World Cups or separate MQS competitions, each ISSF Member Federation may enter a maximum of three (3) athletes per individual event who are eligible to compete for quota places and, if the schedule allows, a maximum of two (2) additional athletes who are only eligible to compete to obtain MQS.
In accordance with these Qualifying regulations, the table below specifies the number of quota places per event that are available at each Qualifying Competition. The highest placed athletes will obtain one (1) quota place for his/her NOC according to the table below, respecting the maximum number of athletes per NOC specified in paragraph B. Athletes Quota.

</table>

Mixed Team:
Mixed Team entries may come from athletes entered in Mixed Team quota places obtained at the 2018 WCH Changwon, KOR and from double starters who are also entered in individual events.

World Ranking:
After the qualification period ends and all member federations/NOCs receive the official List of Quota Places, the ISSF will check each individual Olympic Event World Ranking List (dated 31 May 2020) in the order of the events listed in the distribution table starting with AR60, FR3X40 etc. The highest ranked athlete not yet qualified in any event and provided that the athlete’s NOC does not have a quota place in that specific event, then the athlete will obtain one (1) quota place. These quota places are allocated to the athletes by name. In case there are no eligible athletes in a specific event the quota place will be allocated to the NOC that has no athletes in any Shooting event but has the athlete with the highest MQS result in that event. If there is a tie, the quota will be awarded to the NOC with the higher number of athletes with MQS results in that event. If there is still a tie, the quota will be awarded to the NOC with the highest number of MQS results in that event.
**HOST COUNTRY PLACES**

The Host Country is guaranteed twelve (12) quota places, one (1) in each of the individual events.

Host Country Places will only be granted in these events if the Host Country did not obtain a quota place in that event during the qualification period. Host Country Places that are granted will be included in the list of quota places that will be sent by the ISSF to NOCs for confirmation after the end of the qualification period (see **paragraph E. Confirmation Process for Quota Places** for more details).

**TRIPARTITE COMMISSION INVITATION PLACES**

24 Tripartite Commission Invitation Places are available to eligible NOCs for the Shooting events in the Olympic Games Tokyo 2020. These 24 Tripartite Commission Invitation Places are distributed so that a maximum of two (2) Tripartite Commission Invitation Places will be awarded in each individual event.

On 14 October 2019, the International Olympic Committee will invite all eligible NOCs to submit their requests for Tripartite Commission Invitation Places. The deadline for NOCs to submit their requests is 15 January 2020. The Tripartite Commission will confirm, in writing, the allocation of invitation places to the relevant NOCs after the end of the qualification period for the concerned sport. Tripartite Commission Invitation Places will be given to countries eligible according to IOC Rules, but only to NOCs that have no quota places in Shooting. A maximum of only one (1) Tripartite Commission Invitation Place per NOC will be granted.

Detailed information on Tripartite Invitation places is contained in the “Games of the XXXII Olympiad, Tokyo 2020 - Olympic Games Tripartite Commission Invitation Places - Allocation Procedure and Regulations”.

**E. CONFIRMATION PROCESS FOR QUOTA PLACES**

The ISSF will publish on its website [http://www.isssf-sports.org/results/og_qualification/quota_places.aspx](http://www.isssf-sports.org/results/og_qualification/quota_places.aspx) a list of quota places obtained for each of the 15 Olympic events. This list will specify the number of quota places per event that each NOC has obtained.

This list of quota places will be submitted to all NOCs and all ISSF Member Federations within one (1) week after the Qualifying Period, but not later than 7 June 2020. The list with the names and scores of all athletes who have obtained an MQS will be available on the ISSF website.

The ISSF will send the respective NOC a letter informing the NOC of this athlete's eligibility to receive a World Ranking Individual Quota Place.

The NOCs will then have ten (10) days to confirm whether they wish to use these quota places to enter qualified athletes in the Olympic Games Tokyo 2020.

If an NOC enters one (1) athlete as a double starter in any event in which that NOC has also obtained the maximum number of two (2) quota places, the unused quota place must be returned to the ISSF for reallocation (see also the definition of double starters in **paragraph G. General Principles Regarding the Use of Double Starters**).

An NOC/ISSF Member Federation may request to change a maximum of one (1) quota place in one (1) event for one (1) quota place in another event within the same gender if available and if the NOC does not have the maximum number of quota places for that event, with the exception of the places obtained via the World Ranking. Applications for quota place changes must be received by the ISSF not later than 14 days after the list of quota places is submitted to the NOCS and ISSF Member Federations.
F. REALLOCATION OF UNUSED QUOTA PLACES

Qualification places & World Ranking:
If an allocated quota place is returned or is not accepted or confirmed by the NOC or if there is an unused World Ranking Quota Places (because there is no eligible athlete), that quota place will be reallocated to an NOC that does not have any quota place or Tripartite Invitation Place for the Olympic Games Tokyo 2020. The reallocation of these unused quota places will be done in the same event. Each unused quota will be reallocated to the NOC that has no Shooting quotas but has the athlete with the highest MQS result in that event. If there is a tie, the quota will be awarded to the NOC with the higher number of athletes with MQS results in that event. If there is still a tie, the quota will be awarded to the NOC with the highest number of MQS results in that event. The reallocation of quota places is linked to the event and gender of the returned quota place. All reallocated quota places are given to the NOC and not to a specific athlete.

Mixed events:
If an allocated Mixed Team quota place is not confirmed by the NOC before the quota place confirmation deadline or is declined by the NOC, this quota place will be reallocated to the team that obtained the next highest rank in the WCH 2018 in Changwon in that event. All reallocated quota places are given to the NOC and not to a specific athlete. Athletes who were members of teams that obtained Mixed Team quota places are eligible to obtain a quota in an individual event.

---

REALLOCATION OF UNUSED HOST COUNTRY PLACES

Unused Host Country Place(s) will be reallocated to the NOC(s) that does not have any quota place or Tripartite Invitation Place for the Tokyo 2020 Olympic Games. The reallocation of these unused quota places will be done in the same event as the unused quota. Each unused quota will be reallocated to the NOC that has no Shooting quotas but has the athlete with the highest MQS result in that event. If there is a tie, the quota will be awarded to the NOC with the higher number of athletes with MQS results in that event. If there is still a tie, the quota will be awarded to the NOC with the highest number of MQS results in that event. The reallocation of quota places is linked to the event and gender of the returned quota place. All reallocated quota places are given to the NOC and not to a specific athlete.

---

REALLOCATION OF UNUSED TRIPARTITE COMMISSION INVITATION PLACES

If the Tripartite Commission is not able to allocate a Tripartite Commission Invitation Place, it will be reallocated to an NOC that does not have any quota place or Tripartite Invitation Place for the Tokyo 2020 Olympic Games. The reallocation of these unused quota places will be done in the same event as the unused quota. Each unused quota will be reallocated to the NOC that has no Shooting quotas but has the athlete with the highest MQS result in that event. If there is a tie, the quota will be awarded to the NOC with the higher number of athletes with MQS results in that event. If there is still a tie, the quota will be awarded to the NOC with the highest number of MQS results in that event. The reallocation of quota places is linked to the event and gender of the returned quota place. All reallocated quota places are given to the NOC and not to a specific athlete.
G. GENERAL PRINCIPLES REGARDING THE USE OF DOUBLE STARTERS

Double Starters are athletes who have an Aa accreditation and, who are entered by their NOC in a specific event where their NOC has obtained a quota place and where the athlete has achieved the required MQS, and who are also entered in another event where the athlete also has the required MQS. Double Starters may be entered in other Shooting events provided they have achieved the required MQS and the NOC maximum quota per per event is not exceeded.
