Team size: The qualification slot is allocated to the NPC not to the individual athlete based on the criteria outlined within the Tokyo Qualification Guide. An

NPC can be allocated a maximum of twelve (12) qualification slots, with a maximum of eight (8) slots from any one gender. Therefore, the maximum Team size will be up to twelve (12) athletes. An NPC may earn a maximum of three (3) qualification slots per medal event.

USA Shooting will average the top four (4) courses of fire of each eligible athlete in any and all events in which they competed at the selected competitions listed in Section 1.2.1. Athletes must have a minimum of four (4) courses of fire in a medal event in order for their average to count towards selection of said event.

The athlete with the highest average score will be selected to take the first quota in each medal event where quotas are available. The athlete with the second-highest average score will get the second quota, if available. The athlete with the third-highest average score will be awarded the third quota, if available.

In the event that an athlete achieves the highest average score in multiple events in which the United States has an available quota, the Discretionary Paralympic Committee will determine which quota slot the athlete will utilize. Feilding the team with the strongest medal potential will be the criteria used by the Paralympic Selection Committee. As stated in Part 2 “Discretionary Selection” this committee will be made up of the following:

Sr Manager of High Performance, USA Shooting  
Paralympic Manager/Coach, USA Shooting  
Athlete Rep, USA Shooting

Criteria used by the discretionary committee is as follows:

1. Event performance within the last year of Discretionary Paralympic Committee meeting date
2. Medal winning potential based on international and national results from June 2019 – June 2020.
3. Athlete’s health and ability to compete as of entry deadline date of 10 July, 2020.

Quotas are gender and event-specific. Each athlete may only be awarded one (1) quota.

Athletes who are selected to the Team are eligible to compete in additional medal events, provided they have achieved the MQS at least once (1) at World Shooting Para Sport Recognized Competitions (World Shooting Para Sport Competition, World Shooting Para Sport Sanctioned Competition, World Shooting Para Sport Approved Competition) in said medal event(s) between January 1, 2019 and August 3, 2020.

If additional spots remain in one or more medal events, the spot(s) will be filled with the eligible athlete(s) with the highest average score in the event(s).

In the case of any ties ~~in the selection process~~ **after the last qualification match of the selection process is completed**, there will be a ~~WSPS style shoot off~~ **full qualification round tiebreaker** at the 2020 USA Shooting National Championships. ~~This style shoot off will continue until the tie is broken.~~ **If the athletes are still tied after this full qualification round tiebreak, then current WSPS Tiebreaking procedures will be used.**

## **2. DISCRETIONARY SELECTION (if applicable)**

### **2.1. Provide rationale for utilizing discretionary selection (if any):**

Should a spot not be able to be filled due to athletes filling their available entries, any unused slot will be determined by a discretionary selection to maximize Team size and medal earning potential.

### **2.2. List the discretionary criteria and explain how they will be used (if any):** The above process (1.2.2) will be used for determining participation in additional medal events that the athletes are qualified for, if there are additional spots available.

If an open team spot needs to be filled and there are remaining MQS qualified competitors, discretionary selection will be used to determine which competitor, out of those who have already been nominated to the Paralympic Team, will compete in this open spot. The criteria for discretionary selection will be as follows:

4. Event performance within the last year of Discretionary Paralympic Committee meeting date
5. Medal winning potential based on international and national results from June 2019 – June 2020.
6. Athlete's health and ability to compete as of entry deadline date of 10 July, 2020.

- 2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

## USA SHOOTING CODE OF CONDUCT

### Section III: Team Rules

Sections III, IV, and the Team Member Agreement are applicable only to Team members who qualify and are selected to the U.S. Shooting Team, National Team (NT), National Development Team (NDT), National Junior Team (NJT), Junior Olympic Team and/or other Teams that may be established under the auspices of USA Shooting. As a condition of entry to USAS-supported teams and activities, each participant agrees to abide by all sections of the Code, as it may be amended from time to time.

1. This Code is in effect for all travel, competitions, training, USAS Olympic Training Center programs, seminars, or other USAS-designated activities and functions. When travel is involved, this Code is in effect from the time an individual departs for a trip until he/she has returned home or continues on with personal travel.
2. Team members will maintain a level of fitness and competitive readiness that will permit maximum performances.
3. USAS sponsors, suppliers, and licensees provide critical support for the Team; hence, Team members will wear designated USAS apparel at all official Team functions and events.
4. Team members will not conceal or cover any USAS sponsor, supplier, or licensee brand or other identification appearing on USAS apparel.
5. Team members will abide by anti-doping standards put forth by the International Olympic Committee (IOC), World Anti-Doping Agency (WADA), the United States Anti-Doping Agency (USADA), the United States Olympic Committee (USOC) and the International Shooting Sport Federation (ISSF). Athletes will meet established reporting and testing requirements. The Team member is responsible for requesting clearance of any medication(s) from USADA and applying for a Therapeutic Use Exemption (TUE). The Team member understands that application for a TUE does not constitute clearance for use of medications. The Team member must be in receipt of approval of the TUE from ISSF before the use of any prohibited medication is permitted. The Team member has ultimate responsibility regarding banned substances. Double-check all medications, supplements and other substances, including unregulated over-the-counter products, to ensure such items will not result in a positive doping test. Note that some over-the-counter medications or supplements may contain banned substances which are NOT included in the list of ingredients.
6. A Team member who competes at a destination requiring a passport will be in possession of a valid USA passport that will not expire prior to six months following the conclusion of the international competition. USAS may assist with visa applications and fees.

7. The Team member is responsible to provide and update gun descriptions and serial numbers to USAS. Gun permits and any other travel documentation will be provided to the athlete in a timely manner whenever possible. For group travel, the PIC will typically carry documentation for the group.

8. USAS coaching and/or USOC sports performance personnel may develop recommendations for a regimen of athletic training and conditioning, and appropriate competition experience. Based upon those recommendations, the Team member agrees to work with USAS and USOC staff toward the development of a program focused on improved and sustained elite athletic performance to attain established team goals. The Team member's program is expected to include the following elements, among others: a. Range training;

b. Physical conditioning;

c. Mental training program and schedule;

d. Record fire and training competition schedule;

e. Formal competition;

f. Education regarding, and periodic testing for, banned and restricted substances.

9. Media, Appearances, Sponsorship and Promotional Activities:

a. Team members may contact sponsors of USAS (including their employees, partners, concerned individuals, et al) for the purpose of securing an individual sponsorship outside of the sponsor's agreement with USAS. If an athlete contacts a USAS sponsor regarding individual sponsorship, the athlete should inform the USAS Marketing and Communications Department as soon as practical.

b. Upon request by USAS, the Team member must agree to appear at and participate in non-commercial promotional events. However, that athlete shall not be obligated to do so if the Team member or his/her coach(s) believes that such activity would adversely affect the athlete's training and competition performance or the athlete's military commander determines the event is in conflict with military requirements. The Team member agrees to make best efforts to participate in promotional appearances on behalf of USAS. These activities include, but are not limited to, clinics, speaking engagements, and fundraising programs. The Team member shall be provided transportation, lodging, and meals for any such USAS promotional activities. A participant stipend may be provided as determined by USAS and/or the requesting party.

In the event that any USAS sponsor or commercial entity desires to use a Team member's presence or image individually but in a manner which does not constitute an individual endorsement (i.e., usage which is not dependent upon

identification of a particular athlete by name), then USAS shall notify the Team member of such opportunity and he/she shall have the option either to consent to or reject the same. If the Team member consents to such appearance or usage, he/she may receive a fee plus reimbursement of expenses if such opportunity involves an on-location appearance from the sponsor. If the Team member rejects such proposed appearance or usage of his/her image, then USAS shall notify its sponsor accordingly, and may make such opportunity available to another Team member.

c. Team members may not promote a sponsor or wear or display the name, logo, or other indicia of a third party that is in competition with a USAS sponsor or in a sponsor category, while participating in programs, activities, events, or competitions funded by USAS. Team members may use competitive gear and apparel with manufacturers' marks in accordance with IOC, USOC, and ISSF specifications. Violation of any part of this paragraph during any activity described herein, will be deemed and administrated as a commercial offense.

d. The following USA Shooting marks or terminology are legally protected and are not to be used without specific permission: USA Shooting name, logo, and design; USA Shooting Team Foundation name, logo, and design; USA Shooting Team name, logo, and design; and USA Shooting News. This includes the use of and wearing of team uniforms with subject properties at activities where USAS does not have formal representation such as meetings, conventions, and trade shows. The Olympic rings, logo, and use of the word "Olympic" and variations thereof are protected by federal law and USOC filings.

10. Team members may not sell, trade, or give away ammunition, guns, supplies, or equipment provided by USA Shooting or sponsors.

11. All funded training/travel must be approved in advance by the National Coach or PIC. If an expense is not authorized, it will not be funded or reimbursed.

12. Submit USAS Expense Reports to the National Coach or PIC within seven (7) days of completing a funded activity. All expense vouchers must be processed through the National Coach or PIC. Untimely submission for reimbursement may not be honored.

13. Responsibilities related to airline travel:

a. USA Shooting will not pay excess baggage charges unless specifically authorized. The PIC will consider luggage requirements and excess baggage in the logistical planning.

b. USA Shooting will not pay for baggage insurance. If the Team members elect such coverage, it will be at their expense. Team members should obtain insurance for their shooting equipment.

- c. USA Shooting will pay round trip airfare at the least expensive rate. The Team member will pay any additional costs. Mileage will be reimbursed at the current mileage rate up to the cost of the least expensive airline ticket. Only vehicle drivers/owners will receive mileage reimbursement.
- d. The National Coach, PIC, or administrative assistant will make all airline reservations and itinerary changes unless specific direction is provided otherwise.

The Team member is not authorized to contact the airlines or USAS travel agent directly or to change USAS funded airline tickets. The Team member is responsible for all additional expenses incurred for any schedule changes made by the Team member on self-funded airline tickets. Supported Team members—such as military, or industry-sponsored athletes—will be responsible for making their own reservations and purchasing tickets when funded by the military or supporting organization.

- e. Team members may not voluntarily relinquish their airline seats when there are scheduled activities and/or time sensitive requirements at the destination.

14. A receipt is required for all expenses other than meals and tolls under \$10.
15. Any Team member designated to be a rental car driver is responsible for seeing that his/her assigned passengers are at designated training/competition areas on time. Likewise, passengers are responsible to their driver for being prompt and keeping their driver informed of transportation requirements. Parking and traffic tickets or other fines or penalties will not be reimbursed. USA Shooting possesses liability and collision damage insurance for domestic vehicle rentals. A copy of the insurance certificate is available to each renting driver. USA Shooting will not pay for additional rental car insurance for domestic travel. In some cases, foreign travel may require additional insurance, which can be authorized by the PIC. Renters may elect additional coverage at their own expense.
16. Only those people authorized by rental contract and/or the National Coach or PIC may drive rental vehicles.
17. Team members should have a major credit card for emergencies and special situations—such as airline tickets or rental cars—as well as a valid ID (Passport will suffice).
18. Contact the appropriate National Coach regarding training, equipment, planning, selection for travel, competitions or other relevant subjects. Communication is an important part of assisting Team members to achieve their goals.
19. When USAS provides any financial support to a competition, the Team member will compete in the highest classification (i.e. AA class).

20. Team members are also required to attend awards ceremonies as designated by the National Coach or PIC. Exceptions will be approved in advance by the National Coach or PIC.

21. Charges by hotels, including the Olympic Training Center, for damages, failure to return keys/meal cards and missing property (such as towels or linens), will be assessed to the responsible Team members(s).

22. Team members traveling outside of the U.S. are required to have a U.S. Customs form #4457 listing their rifle, pistol, or shotgun make, model and serial number. This requirement must be completed prior to domestic departure by taking the guns to any

U.S. Customs office for verification of serial number and form completion. NOTE: Not every major airport has a U.S. Customs office.

23. USAS does not typically coordinate participation for family and friends desiring to attend USAS competitions and events.

24. Team members may be requested or required to submit periodic reports of competition and training activities to the National Coach. Failure to submit such reports may jeopardize financial support.

25. For other than emergencies, the staff will not accept collect calls. At the Team member's request, the staff member will gladly make a prompt return call to minimize the team member's expense.

26. All Team members are subject to an 11:00 p.m. curfew at any funded activity. Additional curfews may be established or varied by the National Coach or PIC at any activity.

27. Team members below the age of 16 must be accompanied by a parent or guardian on international events and competitions. Exceptions will be considered case-by-case by the Director of Operations. All minors must submit a medical consent and release form for each international event (available through the National Coaches or PIC).

28. Team members under the age of 21 may not consume alcoholic beverages at any time during a USAS activity. This includes international trips to countries that may have a lower legal drinking age than the US law.

29. Inappropriate, indiscreet, or overindulgent use of alcohol is a Code violation. Use of alcohol in such a manner as to impair or jeopardize the Team member's training program, or competition performance, or which poses a safety hazard to such person, other athletes, or other persons, or while wearing USAS logo clothing, during an award ceremony, during media and/or interview opportunities, or which reflects poorly on the USAS organization, staff, volunteers, spectators or the sport of

shooting, is strictly prohibited. Under no circumstances is an athlete or staff member to consume alcohol when in violation of the law or range rules. The PIC will determine any such occasions when the use of alcohol may be appropriate while in USAS logo clothing.

30. The Team member accepts financial responsibility for airline tickets, hotel accommodations, and other expense activity which he/she has agreed to attend, but subsequently does not attend, unless athlete has been formally excused by the National Team Coach, PIC, or Director of Operations. If the Team member fails to appear at the event or make financial restitutions for expenses incurred by USAS, the Team member recognizes he/she can be placed on the B team. To regain active and supported status, the Team member must reimburse the team for the full net amount of the obligation USAS incurred, plus late fees, if applicable. Those athletes that are electing to self-fund are to receive their invoice prior to departure and must make payment in full as outlined in the invoice.

31. Keep all contact information current and respond to requests by USAS staff in a timely manner.

32. Non-team members, including family and friends attending USAS or ISSF events, are expected to live up to the spirit and intent of this Code of Conduct. Team members are expected to educate family and friends on the Code and strongly encourage compliance. The PIC is authorized to take reasonable action to correct violations directly with the non-participant when the situation dictates, and resort to action through the team member only under appropriate circumstances. Team members are normally not subject to disciplinary action for the misconduct of family members and non-participants.

33. Team members are expected to compete in the spirit of fair play and good sportsmanship. False accusations, slanderous remarks, or statements concerning other participants that are inaccurate or untrue are clear violations of this code.

34. Team members may not willfully aid, abet, or conspire with others to engage in any conduct or actions prohibited in any section of the Code.

## USA SHOOTING CODE OF CONDUCT

### Section IV: Dress Code and Team Uniform Policy

#### A. Team Uniform Policy

1. The Dress Code and Team Uniform policy allows USAS members to present a favorable image to the media and the public. In addition, USAS sponsors, suppliers, and licensees who provide critical support for our organization and athletes deserve the brand exposure and recognition. This policy applies to the USA Shooting Team, National Team (NT), National Development Team (NDT), National Junior Team (NJT), Junior Olympic Squad and other Teams that may be established under the auspices of USA Shooting.
2. One of the strengths of USA Shooting is its focus on team unity. An important element of that focus is the team uniform. This policy ensures the USA Shooting team members will comply with the ISSF directives on athlete apparel, as well as USA Shooting's objectives for the uniform.
3. USA Shooting Uniform Objectives:
  - a. Present a distinctive, patriotic, fashionable, and uniform appearance for our athletes.
  - b. Provide a durable-yet-affordable design that can extend through the 2020 quadrennial.
  - c. Provide consistency across disciplines to maintain a strong reinforcement of team identity.
  - d. Set up our athletes to portray the desired image both on the field of play and on the podium. Clothing worn by competitors in training and competition must be clothing that is appropriate for wear by athletes at international Olympic sports competition.
  - e. Accommodate the athletes in their performance on the field of play; i.e., provide a uniform that does not hinder the athletes in their individual shooting techniques, and is suitable under varying conditions.
  - f. Shape the culture that reflects professionalism, team unity, discipline, and excellence.
4. Athletes will participate in the clothing and team uniform evaluation and selection process.
5. When participating in USAS activities or any ISSF competition names, logos, or marks of current USAS sponsors, as approved by USAS, may be displayed. Athletes may

also display personal sponsor names, marks or logos in accordance with current ISSF Official Statutes Rules and Regulations. It is not permissible to wear clothing with marks/logos representing those companies in competition to current USAS sponsors at USAS funded activities. Current USAS sponsors are listed in USA Shooting News and on the USAS website.

6. In domestic events, this uniform policy applies only to National Team, National Development Team, National Junior Team and Junior Olympic Squad members receiving support from USAS. Support is defined as any event where USAS provides either in advance or by reimbursement any financial consideration including transportation, fees, hotel, meals or ammunition.
7. Athletes and team officials will abide by the Dress Code at all official competitions and events unless deviation is authorized by the Person-In-Charge (PIC).
8. Competitors traveling internationally with the Team who are not current members of a USA Shooting Team (NT/NDT/NJT/JOS) are required to adhere to the guidance for attire contained in this Dress Code and Uniform Policy as close as practical as approved by the PIC.
9. The Team Leader, PIC or National Coach may authorize or direct clothing variations for a specific event or occasion.

Lighter brown/khaki colored slacks are most common and coordinate well with other apparel. ISSF judges and officials have not typically enforced the rule related to “non-sporting colors”. If khaki is worn, alternative clothing should be available in the event the ISSF Dress Code is strictly enforced. Plaids and camouflage are not permissible.

#### A. GENERAL

1. This Team Member Agreement applies to members of the USA Shooting Teams, including the National Team (NT), National Development Team (NDT), National Junior Team (NJT), or Junior Olympic Squad (JOS) and concerns sponsorship, support, and incentives.

By checking the “ACCEPT” statement at the end of this document, signing and dating, without alteration, the Team member acknowledges he or she has read, understood, and will comply with this Agreement. Team members who check the “DECLINE” statement, must still sign and date the agreement. Team members who decline the provisions of this Agreement will retain eligibility on the Team and are still eligible for Basic Services (see Paragraph 4a, below), but may receive reduced funding and sponsor product. Team members who decline ARE NOT ELIGIBLE FOR USAS TEAM MEMBER INCENTIVES, but will still be eligible for USOC Direct Athlete Support. Athletes who decline this Agreement must still sign and comply with the Code of Conduct.

2. Team members’ participation in USAS programs is entirely voluntary, but implies responsibility. In order to protect the organizational, operational, and financial integrity of USAS and its programs, including its obligations as an NGB, we must govern the receipt of benefits and requirements for athlete participation. Nothing in this Agreement is intended to create an employer/employee relationship between USAS and the Team member; nevertheless, there is a clear obligation between both parties to honor all aspects of this policy.

#### B. TERM OF AGREEMENT

1. Team members may update this Agreement at any time for any reason by notifying USAS Director of Operations, checking the appropriate statement, signing and dating. The Team member has a responsibility to remain current with this document, especially regarding sponsorship. A list of sponsors and supporting partners is available on the USA Shooting website at the “Sponsors” link at:

<http://usashooting.org/sponsorsMain.php>.

2. This Agreement expires on December 31, 2020. (NOTE: The Code of Conduct and Team members' agreement thereto does NOT expire, but may be updated periodically.)

### **C. USA SHOOTING AND TEAM MEMBER RESPONSIBILITIES**

1. I agree that while a member of the National Team, National Development Team, National Junior Team, or Junior Olympic Squad, I will pursue a training program designed to improve and maximize my performance level, abide by the Code of Conduct, and support USA Shooting's efforts to strengthen its organizational and athlete programs.

2. I understand that by accepting this Agreement, I acknowledge an on-going responsibility to USAS and its sponsors. Under the provisions of the USAS Code of Conduct, Section I, Paragraph E(2), I am obligated to be familiar with all USAS sponsors. I agree that if I have an agreement for sponsorship, licensing, advertisement or promotion with an entity ("My Sponsor") that is in competition with a USAS sponsor, I will not, while directly engaged in any competition, event, or activity as a funded member of the National Team, National Development Team, National Junior Team, or Junior Olympic Squad promote the products or services of My Sponsor.

3. USA Shooting may provide athletes with sponsor and/or team-provided product(s), including ammunition. Using such products is important for developing and honoring corporate sponsorships. Acceptance of such product(s) indicates a willingness to use these products. Team members are required to use non-Performance Equipment sponsor products at training and/or competitions as designated by the USAS staff. Team members may decline to accept performance equipment and/or product(s) with the full understanding that USAS will not provide alternate products, store, ship, or in any way assist in procuring products on behalf of the Team member who competes with USAS and/or USOC sponsors. Team members are prohibited from speaking negatively and should speak positively regarding sponsors products.

4. USA Shooting will provide Team members with "Basic Services" listed below. a. Basic services:

- 1) Coaching assistance from the Team staff.
- 2) A limited ammunition allocation, depending on availability of funding, sponsorship support, and athlete performance level.

- 4) USOC Performance Pool funded programs and USOC Athlete Support where eligible and qualified.

b. In addition, the following support benefits may be provided to Team members accepting this Agreement. The extent of the support is dependent upon various

factors including budget, time, sponsor support, staffing, and Athlete performance levels:

- 1) Use of products provided by sponsors
- 2) USAS athlete incentive and/or reward programs may be provided.

#### **D. ATHLETE INCENTIVES and REWARDS**

Any incentives offered will be established by USAS and will be dependent upon the nature and value of the related sponsor. Any incentive program will be implemented at the discretion of USAS and/or relevant sponsors. Incentives—monetary or product—will be based on the total contribution of the sponsorships.

#### **E. HEADINGS**

The titles and paragraph headings contained herein are for convenient reference only. They shall not be used in any way to govern, limit, modify or construe this Agreement and shall not be given any legal effect.

#### **F. AMENDMENT**

This Agreement may not be amended or modified in any respect except in writing, signed by each party.

#### **G. WAIVER**

The failure of either party at any time to demand strict compliance by the other party with regard to any of these terms, covenants, or conditions of this Agreement shall not be construed as a continuing waiver or relinquishment of any rights granted by this Agreement.

#### **H. SEVERABILITY**

If a provision of this Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

1. The validity or enforceability in that jurisdiction of any other provision of this Agreement; or
