With regard to Mixed Teams, NOCs may enter a maximum of 2 teams (2 male and 2 female) in each Mixed Team event by using double starters as outlined in Attachment A – ISSF Qualification System.

Competition Quota Places

Per the ISSF Qualification System, Olympic quota places may be obtained at the following competitions:

- 2018 World Championships
- 2018 Championship of the Americas
- 2019 World Cup(s)
- 2019 Pan American Games
- 2020 World Cups**
- 2021 World Cups**

*If additional competitions where Country Quotas can be earned are added to the ISSF calendar and/or the dates or locations of the competitions above are changed, these procedures will be amended to reflect those changes.

**Direct quota places will not be obtainable at World Cups in 2020 and/or 2021, however, these events will carry World Ranking points and opportunities for obtaining an MQS.

A quota place can only be obtained if the result (achieved by the individual in the qualifying competition where the quota place is obtained) is equal to or higher than the MQS for that event.

For more information on Team Selection for 2018 World Championships, 2018 Championship of the Americas, 2019 World Cup(s) and 2019 Pan American Games, please visit <http://www.usashooting.org/11-resources/policiesandprocedures>

World Ranking Quota Places

World Ranking points earned at 2021 qualification competitions will be added to the World Ranking list of 31 March 2020. Then, Additionally, after the qualification period ends and all member federations/NOCs receive the official List of Quota Places, the ISSF will check each individual Olympic Event World Ranking List dated 6 June 2021 (on 30 April 2020) in the order of the events listed in the Qualification System distribution table starting with AR60, FR3X40, etc. (Attachment A - ISSF Qualification System). The highest ranked athlete not yet qualified in any event and provided that the athlete's NOC does not have a quota place in that specific event, then the athlete will obtain one (1) quota place. These quota places are allocated to the athletes by name. In case there are no eligible athletes in a specific event the quota place will be allocated to the NOC that has no athletes in any Shooting event but has the athlete with the highest MQS result in that event. If there is a

tie, the quota will be awarded to the NOC with the higher number of athletes with MQS results in that event. If there is still a tie, the quota will be awarded to the NOC with the highest number of MQS results in that event.

Shotgun Olympic Trials Scoring & Quota Place Allocation (Individual)

Country Quota places will be allocated to athletes based on their aggregate performance at the following events:

- Olympic Trials Part 1 Score + Olympic Trials Part 2 Score =
Pre-Super Final Score / Ranking*

*Top 6 athletes from the Pre-Super Final Ranking will compete in a Super Final immediately following Olympic Trials Part 2.

- Pre-Super Final Score + Super Final Score = Final Score & Ranking List

The scoring at Olympic Trials will consist of the following:

- Olympic Trials Part 1 – 2019 Fall Selection Match
 - 2-courses of fire + Finals Points = Part 1 Total
- Olympic Trials Part 2 – 2020 Spring Selection Match
 - Part 1 Total + 2-courses of fire = Part 2 Total
- Super Final
 - Super final participants will shoot the full course of fire finals with no eliminations. The total target count at the end of the finals will be the competitor's Super Final Score.
 - Trap = 50 Single Barrell Targets
 - Skeet = 30 Pairs in Current Finals Format
 - Super final participants will shoot the full course of fire finals with no eliminations. The total target count at the end of the finals will be the competitor's Super Final Score.
 - Trap = 50 Single Barrell Targets
 - Skeet = 30 Pairs in Current Finals Format

Finals Points (FP) Scoring

- 1st place in final= 3 Finals Points
- 2nd place in final= 2 Finals Points
- 3rd place in final= 1 Finals Points

Ties (among athletes ranked 1st through 4th place):

In the event of a tie, a full round shoot-off (25 targets) will be fired between the tied individuals to break the tie.

Ranking List

Final Scores and Tie outcomes (if applicable) will be used to create a ranking list (highest scoring athlete to lowest scoring athlete).

Quota Place Allocation

Upon the conclusion of the Super Final, the highest ranked individual athlete, per event, will be allocated a quota place that was previously obtained at the 2018 World Championships, the 2018 Championships of the Americas, 2019 World Cups or the 2019 Pan American Games and will be nominated and selected to the 2020 Olympic Team. If two quotas are available, then the second highest ranked individual athlete will receive the second quota.

1.3.2. Shotgun Country Quota Place and Additional Entries (Mixed Team) (if applicable)

Per the ISSF Qualification System, Mixed Team event quota places are obtained by each NOC (National Olympic Committee – USA Shooting). An NOC may obtain a maximum of one (1) quota place per Mixed Team event at the 2018 World Championships in Changwon, South Korea.

In addition, per the ISSF Qualification System, if an NOC obtains a mixed team quota at the 2018 World Championships, the NOC may also enter one (1) additional mixed team into the mixed team competition.

If an NOC does not obtain a mixed team quota at the 2018 World Championships, but there are two men and two women individual trap entries, the NOC may enter two (2) mixed teams into the mixed team competition using the pool of individual athletes already selected and nominated to the Olympic team (double starters) who meet the required MQS.

- Double starters are athlete who have an athlete accreditation and who are entered by their NOC in a specific event where their NOC has obtained a quota place and where the athlete has achieved the required MQS, and who are also entered in another event where the athlete also has the required MQS.

Shotgun Mixed Team Quota Place and Additional Entries Allocation (as applicable)

Shotgun Mixed Trap Team

If the Shotgun Mixed Team quota is earned at the 2018 World Championships, then the highest ranked Trap Male and the highest ranked Trap Female from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals), will be allocated the Shotgun Mixed Team quota and will be nominated and selected to the Olympic Team (if applicable).

If the Shotgun Mixed Team quota at the 2018 World Championships is not earned by the NOC and provided there is one Male and one Female Individual Trap entry at the Tokyo 2020 Olympics, the highest ranked Trap Male individual entry and the highest ranked Trap Female individual entry from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals) will be allocated the first Shotgun Mixed Team Additional Entry. For this scenario an example of the mixed team composition is provided below:

Trap Mixed Team 1

Men's Trap Olympic Trials #1 Ranking List Athlete + Women's Trap Olympic Trials #1 Ranking List Athlete

Provided there are two Male and two Female Individual Trap entries at the Tokyo 2020 Olympics, the second highest ranked Trap Male individual entry and the second highest ranked Trap Female individual entry from Olympic Trials Ranking List (Olympic Trials Part 1 + Olympic Trial Part 2 + Super Finals) will be allocated the second Shotgun Mixed Team Additional Entry. For this purpose a scenario is provided below:

Trap Mixed Team 1

Men's Trap Olympic Trials #1 Ranking List Athlete + Women's Trap Olympic Trials #1 Ranking List Athlete

Trap Mixed Team 2

Men's Trap Olympic Trials #2 Ranking List Athlete + Women's Trap Olympic Trials #2 Ranking List Athlete

If there are an unequal amount of individual Trap Quota's earned, i.e. 1 male and 2 female or 2 male and 1 female, and a second Mixed Team entry is allowable (per ISSF), the open spot will be determined by the highest individual Trap MQS score from those nominated as individual shotgun athletes to the Olympic Games. For example, if there are two female Trap Quota's earned and 1 male Trap Quota, the second male team member would be selected by choosing the male athlete with the highest Trap MQS score of those males nominated to the Olympic Games in an individual shotgun event. Should the MQS Scores be tied we will break the tie by looking at the Olympic Ranking List for the individual trap event. The highest scoring tied MQS athlete on the ranking list, by total score then countback, will receive the spot. A breakdown of this scenario has been provided below:

Trap Mixed Team 1

Men's Trap Olympic Trials #1 Ranking List Athlete + Women's Trap Olympic Trials #1 Ranking List Athlete

Trap Mixed Team 2 – with unequal amount of individual Trap quotas earned (for example, 1 male and 2 female individual trap entries).

Men's Trap Highest MQS Scoring Athlete of those already with an Olympic Nomination in individual Trap or Skeet + Women's Trap Olympic Trials #2 Ranking List Athlete

Trap Mixed Team 2 – with unequal amount of individual Trap quotas earned (for example, 2 male and 1 female individual trap entries).

Men's Trap Olympic Trials #2 Ranking List Athlete + Women's Trap Highest MQS Scoring Athlete of those already with an Olympic Nomination in individual Trap or Skeet.

*Athletes must have achieved a Trap MQS in order to be eligible for Mixed Team quota place.

The highest scoring tied MQS athlete on the ranking list, by total score then countback, will receive the spot. In the scenario that a member of Mixed Team 1 was to not be able to compete, the teams would stay the same and the Mixed Team 2 member would not move up in their place. For example:

Trap Mixed Team 1 – if the male competitor was not able to compete

Men's Trap Highest MQS competitor already with an Olympic Nomination in Trap or Skeet + Women's Trap Olympic Trials #1 Ranking List Athlete

Trap Mixed Team 2

Men's Trap Olympic Trials #2 Ranking List Athlete + Women's Trap Olympic Trials #2 Ranking List Athlete

Men's Trap Highest MQS competitor already with an Olympic Nomination in Trap or Skeet + Women's Trap Olympic Trials #1 Ranking List

Trap Mixed Team 2

Men's Trap Olympic Trials #2 Ranking List Athlete + Women's Trap Olympic Trials #2 Ranking List Athlete
